BOARD OF DIRECTORS  
  
of the  
  
KINGS RIVER CONSERVATION DISTRICT

Gentlemen and Members of the Public:

The Regular Monthly Meeting of the Board of Directors of the Kings River Conservation District is to be held on **Tuesday, June 9, 2020, via ZOOM Web/Teleconference. The web link and call-in information are on the Agenda.**

**The Regular Monthly Meeting will begin at 1:30 p.m.**

As a result of the COVID-19 emergency and the Governor's Executive Orders N-29-20 and N-33-20, this meeting will occur via remote presence by video and teleconference. There will not be a physical public access location. The District is conducting the meeting in this manner to protect public health by avoiding public gatherings and requiring social distancing. At the same time, the District remains committed to transparency. Members of the public will be able to listen to and watch the meeting, and comment if desired. Public comments and questions will only be possible during the agendaized Public Comment portion of the meeting. Please see the pages between this notice and the agenda for guidelines and an idea of what to expect.

The patience and cooperation of all participants is appreciated. While every effort has been made to streamline the experience and conduct meetings in the manner to which our stakeholders have grown accustomed, there may be technical issues and human error. We will attempt to promptly correct any issues that arise.

Individuals who require special accommodations are requested to contact the Assistant Secretary of the Board by phone at: (559) 237-5567 or by email at: [cmclaughlin@krcd.org](mailto:cmclaughlin@krcd.org).

Sincerely,

Paul G. Peschel,  
Board Secretary

## Agenda

### KINGS RIVER CONSERVATION DISTRICT Board of Directors Meeting

Date: June 9, 2020 – Tuesday

Time: 1:30 P.M.

Location: Web or Teleconference via **ZOOM**

**ZOOM Link:** <https://us02web.zoom.us/j/88209349668?pwd=NzQrQXVXVEZPU2lIUHcxU1o5eGlUZz09>

**ZOOM Call-In:** +1 669 900 6833 ; Meeting ID 882 0934 9668 ; Password: 397584

**ZOOM One-Tap Mobile:** +16699006833,,88209349668#,,1#,397584#

1. Additions to or Deletions from the Agenda
2. Public Presentations or Comments  
Presentations or comments by the public on matters on the agenda and within the jurisdiction of the Board, limited to a timeframe set by the Board President. *This is the only portion of the meeting where the public can comment.*
3. Approval of Minutes of the May 12, 2020 Regular Board Meeting

### REPORTS

4. Water Conditions (KRWA Staff)  
The Kings River Watermaster or Staff will give a report on the water storage on the Kings River system, inflow and outflow at Pine Flat Reservoir, and the available flood control space on the system.
5. Directors' Reports  
Each member of the Board will have the opportunity to report on meetings and conferences attended during the prior month on behalf of the District. No action will be taken.
6. Staff Reports  
The Board will receive reports on the prior month's activities from members of the District management staff:
  - a. Paul Peschel, General Manager
  - b. Cristel Tufenkjian, Director of External Affairs
  - c. Charlotte Gallock, Director of Water Resources
  - d. David Merritt, Deputy General Manager
  - e. Brian Trevarrow, Chief Financial Officer

### ACTION ITEMS

7. Financial Report
  - a. Budget Expenditures (Brian Trevarrow)  
The Auditor will present expenditure to budget comparison reports for the period ending May 31, 2020. In addition, the monthly investment report for May 2020 will be presented.
  - b. Review of Monthly Disbursements (Greg Beberian)  
A member of the Board will report on his review of all bills paid subsequent to the last Board meeting, the current accounts payable, and will make a recommendation at the meeting.

8. Approval of Budget and Investment Policy for Fiscal Year 2020 – 2021 (Brian Trevarrow)  
The Board will be asked to consider and approve the proposed KRCD Budget and Investment Policy for Fiscal Year 2020 – 2021.
9. Resolution 20-03: Approving Application for Grant Funds From the California Drought, Water, Parks Climate, Coastal Protection and Outdoor Access for All Act of 2018 (Proposition 68) (David Merritt)  
The Board will consider adoption of Resolution 20-03, authorizing a grant application with the California Department of Conservation.
10. Resolution 20-04: Consolidation of and Order for Elections (Paul Peschel)  
The Board will be requested to consider Resolution 20-04 ordering an even-year Board of Directors election, authorizing the consolidation of Board elections which may be held in whole or in part of the territory of the District, as provided in Elections Code 10400.

## ADJOURNMENT

Note: The public will be given the opportunity to address the Board on any item on the agenda before the Board's consideration of that item. The President may limit the total amount of time allocated for public testimony on particular issues for each individual speaker.

A person with a qualifying disability under the Americans with Disabilities Act of 1990 may request the District provide a disability related modification or accommodation in order to participate in any public meeting of the District. Such assistance includes appropriate alternative formats for the Agendas and Agenda packets used for any public meetings of the District. Requests for such assistance and for Agendas and Agenda packets shall be made in person, by telephone, facsimile, or written correspondence to the Secretary to the Board of Directors of Kings River Conservation District at the District offices: 4886 E Jensen, Fresno, CA, 93725, at least 48 hours before a public District meeting.

Materials related to any item on this Agenda submitted to the District at the time of or after distribution of the agenda packet are available for public inspection in the District's Office at 4886 E. Jensen Avenue, Fresno, CA during normal business hours or by calling (559) 237-5567.

**Minutes**

## REPORTS

### 4. Water Conditions

The Kings River Water Association Water Master reported on water storage on the Kings River System, inflow and outflow at Pine Flat Reservoir, snow course measurements, and the available flood control space on the system.

### 5. Weather Modification (Todd Flanagan)

Todd Flanagan, of North American Weather Consultants, gave his final report for the year on weather conditions, and both ground and flight-based weather modification activities to-date.

### 6. Directors' Reports

Director Cehrs updated the Board on the ACWA Conference transition to completely virtual, and the sale of the old ACWA office building.

### 7. Staff Reports

The Board received reports on the prior month's activities from members of the District management staff:

- a. Paul Peschel, General Manager, reported the following:
  - i. State and Federal legislative, budgetary, and regulatory activities of note.
  - ii. Upcoming events and meetings of note
- b. David Merritt, Deputy General Manager, reported the following:
  - i. Performance and activities at Pine Flat power plant, including annual maintenance and the relay upgrade project.
  - ii. Construction progress for the McMullin On-Farm Recharge Project.
  - iii. Flood Project repairs and maintenance activities.
  - iv. Fisheries Management Project activities.
- c. Cristel Tufenkjian, Director of External Affairs, reported the following:
  - i. KRCD outreach activities.
  - ii. Outreach activities for client agencies..
- d. Charlotte Gallock, Director of Water Resources, reported the following:
  - i. Various Kings River Water Quality Coalition membership activities.
  - ii. Developments with CV-SALTS and the Management Zones.
  - iii. Progress of the various drinking water fill station projects.
  - iv. Activities and developments related to SGMA.
- e. Brian Trevarrow, CFO, reported the following:
  - i. IT infrastructure upgrades.
  - ii. Directors' pay vouchers were sent via USPS, instead of the usual print-out.

## ACTION ITEMS

### 8. Financial Report

#### a. Budget Expenditures (Brian Trevarrow)

The Auditor presented expenditure to budget comparison reports for the period ending April 30, 2020. In addition, the monthly investment report for April 2020 was presented.

**Notes:**

Runoff forecasts are unimpaired (full natural) flows which represent the natural water production of the river basin, unaltered by upstream diversions, storage, or export or import of water to or from other watersheds. The median (50%) forecast assumes median conditions after the date of forecast. Runoff exceedance levels are derived from historical data. The 90 percent exceedance level and the 10 percent exceedance level together comprise a range about the median forecast in which the actual runoff should fall 8 times out of 10.

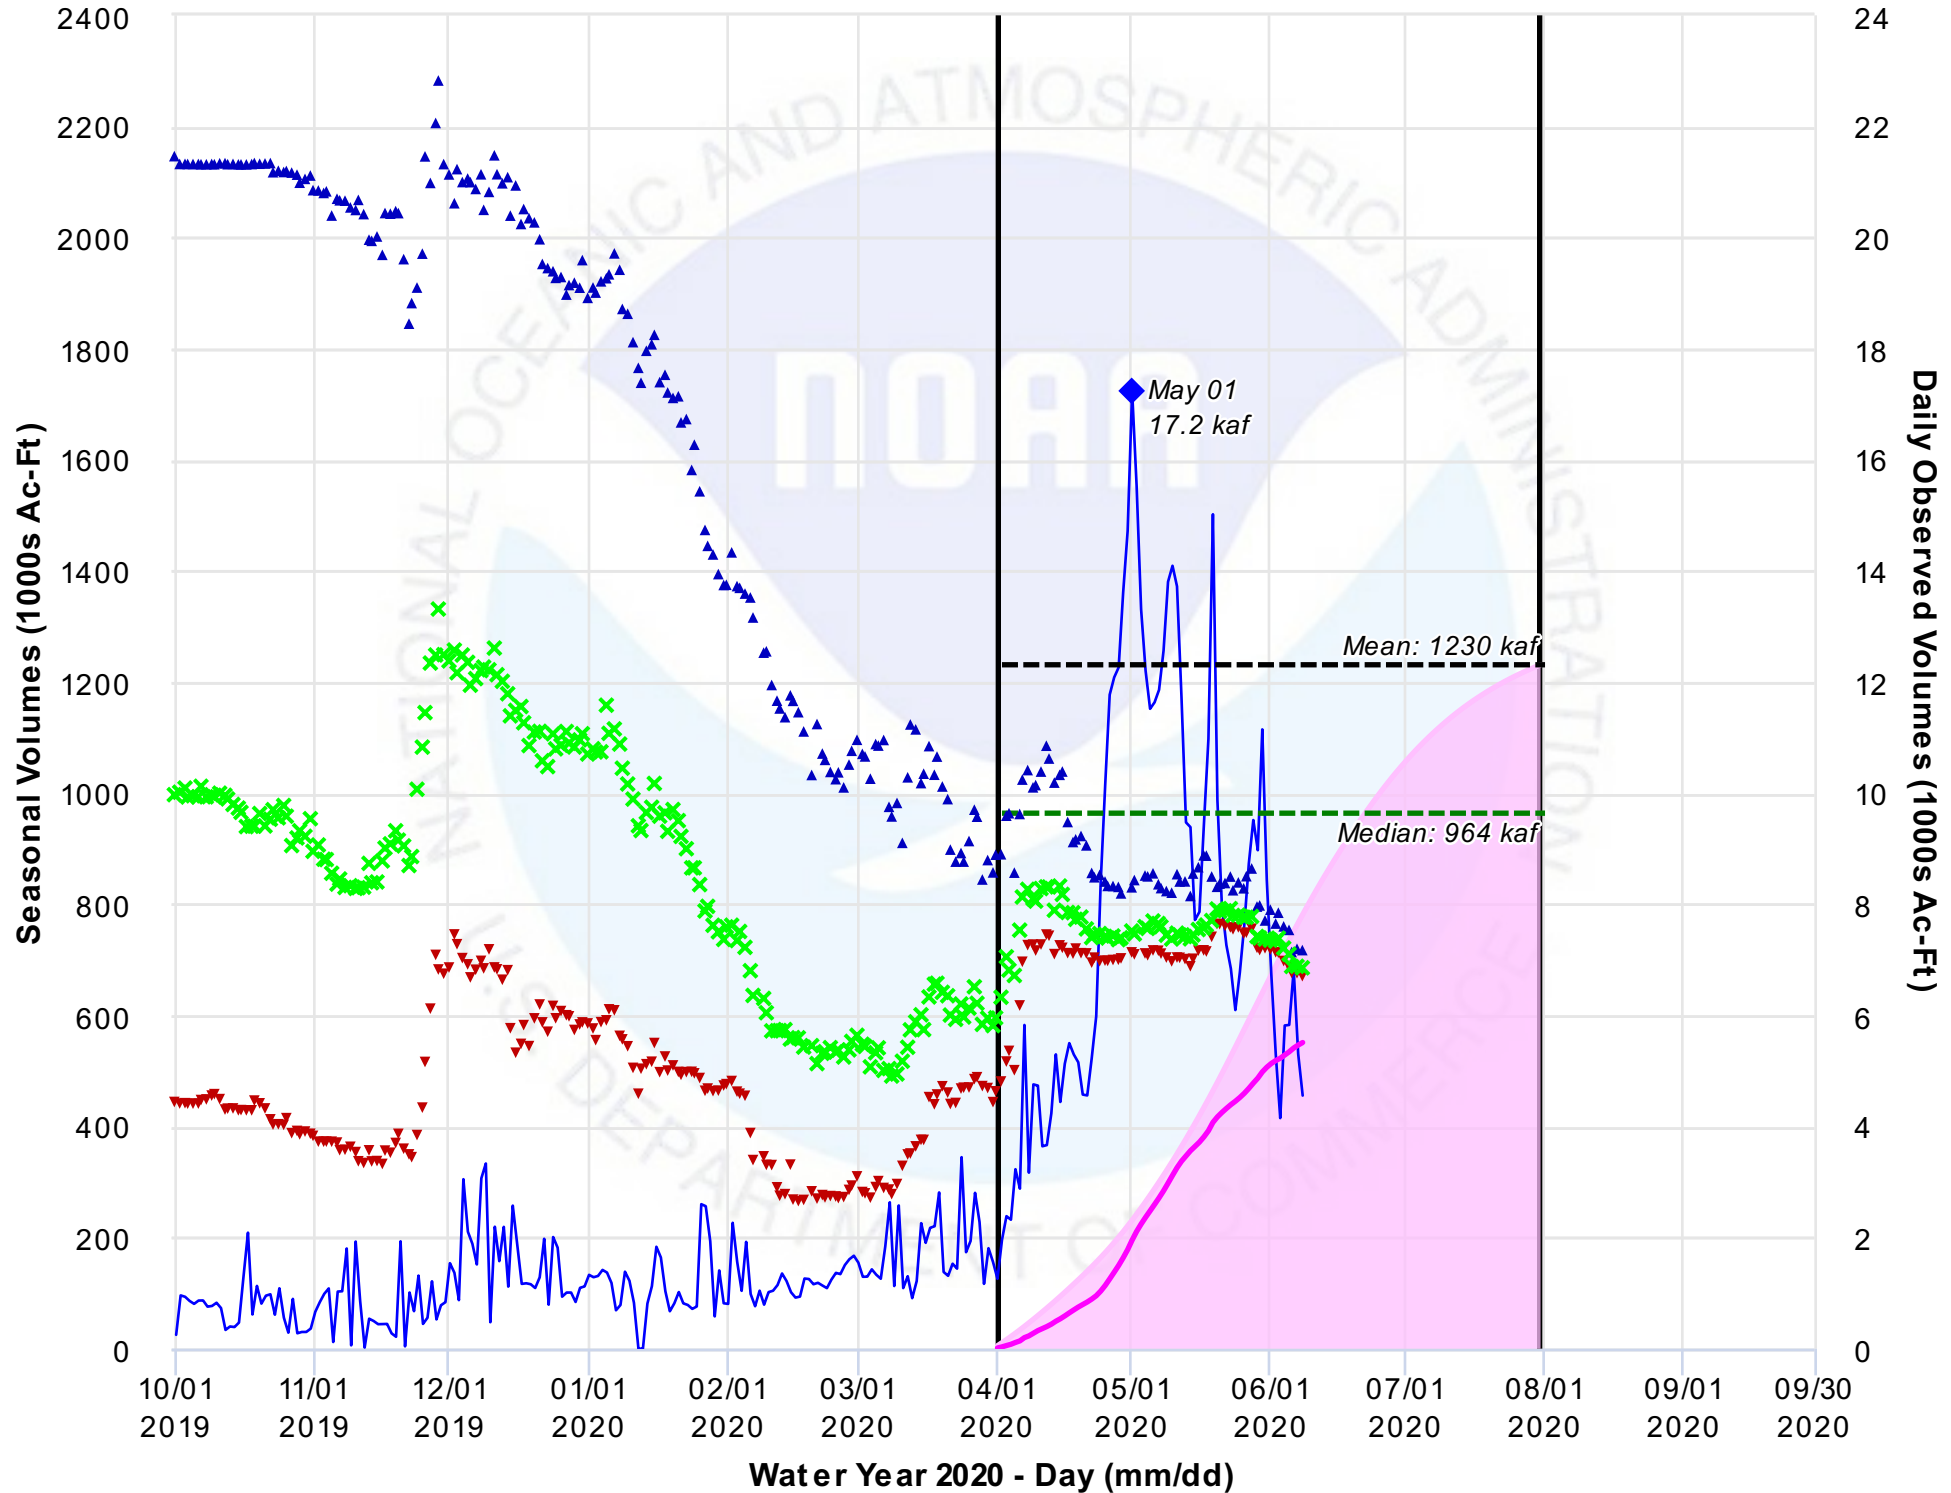

Forecasts are stated in 1,000's of acre-feet and percent of (50-year) average.

The averages are for the period 1966 to 2015.

## ***Memorandum***

TO: Board of Directors

FROM: Paul G. Peschel, P.E., General Manager

SUBJECT: General Manager's Status Report for the Month of June 2020

This memorandum was prepared to supplement the monthly reports of the District's management team and to highlight specific items and activities for the month of May 2020.

## ***State Affairs***

California is moving into stage 2 of a 4-stage process to reopen the State economy. In doing so, the State is asking all businesses to take steps to reduce the risk of spreading COVID-19 which creates a safer environment for workers and customers. The City of Fresno modified its requirements associated with COVID-19 when the State of California moved into stage 2. While the City is aligning with Fresno County and State of California requirements, the City is still requiring employees, customers, vendors, and others to wear facial coverings when enter businesses and governmental buildings. KRCD will continue to monitor City of Fresno, Fresno County, and State guidelines. If future guidelines result in a change to KRCD protocols, direction will be provided to staff at that time. Because KRCD provides essential services our protocols have not changed, except for determining when and which staff to transition from working remotely to working on-site.

Governor Newsom issued an Executive Order for Worker's Compensation that creates a presumption that employees diagnosed with any COVID-19 related illness contracted the illness at work, which entitles employees to full workers' compensation benefits.

## ***Legislative***

Both Houses returned to session in May; the Assembly on May 4, and the Senate on May 11. Policy committees in both Houses are scheduled to hold hearings over the next few months; however, the primary focus will be working on the revised State budget. It is expected that new program proposals and new obligations will not be considered.

### ***Bills***

Staff are monitoring several bills (see attachment). Below are updates on new bills or bills that have had activity during the month of May.

### ***Water Resilience Financing Act of 2020.***

This proposed legislation would create the California Infrastructure and Economic Development Bank to promote the provision of safe drinking water through the bonding of up to \$10 billion. This would be accomplished through the State Water Resources Control Board (SWRCB) via grants and loans for safe drinking water, stormwater, and wastewater projects. Preferential consideration would be given to entities partnering with a small community water system or severely disadvantaged communities, with a focus on finding solutions to restore drinking water quality and quantity. A plan to consolidate with a small community water system is required. There are several small communities that could benefit

from this funding in the Kings River service area, such as Riverdale with a population of 3,100 and Stratford with 1,277 residents. Some communities are not supportive of consolidation, which will eliminate them from preferential consideration.

#### *AB 2642 (Salas – D)*

Department of Conservation: Multibenefit Land Conversion Incentive Program: administration. This bill would require the Department of Conservation to establish and administer the Multibenefit Land Conversion Incentive Program (MLCIP), to provide grants for development or implementation of local programs supporting or facilitating multibenefit land conversion at a large scale in critically overdrafted basins. The bill's intent is to minimize economic and social dislocation in rural economies, reduce or avoid environmental health impacts, and facilitate a transition to less water-intensive but still productive use of land to achieve sustainable groundwater under SGMA. KRCD is currently tracking this bill. The ACWA State Legislative Committee and VAWC have a support if amended position.

#### *AB 3279 (Friedman – D)*

California Environmental Quality Act: administrative and judicial procedures. AB 3279 would make a series of changes to the CEQA litigation process and repeal a number of obsolete provisions. The bill would reduce the statute of limitations for certain steps of CEQA litigation, reduce the requirement that a court commence hearings on a lawsuit under CEQA within one year of filing to within 270 days, reduce the time available for a petitioner to bring a CEQA lawsuit from 90 days to 60 days, reduce the amount of time in which a court must complete a briefing from 90 days to 60 days, prevent a plaintiff or petitioner from preparing the record of proceedings unless requested by the agency and empower the courts to require an agency to fix a deficiency under CEQA prior to issuing a final judgement.

There are two concerns with the bill. The bill proposes repealing Section 21169 of the Public Resources Code. If Section 21169 were repealed, public agency projects currently exempted from CEQA would be subject to the environmental review standards every time these projects required approval of a lease, license, certificate, permit, or other entitlement. The bill creates a new standard for courts to issue interlocutory remand orders of CEQA documents. This standard for remand is a low bar for courts to meet to issue a remand order in the middle of the case. The ACWA State legislative Committee has a Support if Amended position.

#### *401 Water Quality Certification Trailer Bill*

This Bill presents concerns regarding the process and standards for the SWRCB to issue a water quality certification under a FERC licensing proceeding. KRCD is working with The Gualco Group and coordinating with VAWC on proposed amendments to place boundaries around the Water Board's reopener authority. If EPA's proposed CWA 401 rule is finalized and survives judicial review, it will further restrict the Water Board's ability to impose additional conditions following the CEQA process.

#### *ACWA State Legislative Committee*

Six bills were discussed at the May 15<sup>th</sup> meeting. Two bills of note are AB 2642 and AB 3279 outlined above.

### ***Budget***

Newsom's May Revise solution for the estimated \$54.3 billion budget deficit are cuts and Federal support. State officials intend to prioritize programs aimed at improving air quality in disadvantaged communities, providing safe and affordable drinking water and improving forest health and fire protection. California lawmakers are legally required to pass a State budget by June 15.

Most significant for KRCD in the May Revise, is the withdrawal of funding for SGMA implementation and LiDAR and all items related to stream gages. The May Revision rescinds the January proposals to

provide (1) \$30 million one-time General Fund to provide grants to local groundwater sustainability agencies and (2) \$9.6 million ongoing General Fund for 37 positions to support GSAs in implementing SGMA and to review groundwater sustainability plans. \$10M in ongoing General Fund will be retained. DWR will allocate \$26 million of existing Proposition 68 bond funds to local agencies in critically overdrafted basins to help defray the cost of implementation projects. Additional funding for SGMA-related projects may be considered for inclusion in future infrastructure investments. Senator Hurtado sent a letter (attached) to the Senate Budget Committee requesting the retention of SGMA funding in the budget. Another concern is increased pressure to reduce Department of Fish & Wildlife funding in support of the Kings River Fishery.

In addition to the items above, additional items of concern and interest to KRCD and our constituents that the Senate Budget Subcommittee for Natural Resources took are noted below:

- Approved 48 positions to fully implement the new Safe and Affordable Drinking Water Program pursuant to SB 200 (Monning).
- Approved, from the Waste Discharge Permit Fund, eight water quality positions to allow SWRCB to support timely assessments for the California Integrated Report, which is required under the Federal Clean Water Act. These additional resources will help SWRCB and the Regional Water Quality Control Boards compile and prepare data for required reports. See also SWRCB Fees under the Regulatory section below.
- Approved the SWRCB "401" language (see Budget Trailer Bill item under the bills section above) to address the waiver of Section 401 Water Quality Certifications under the Federal Clean Water Act.

For Kings River constituents, we anticipated that the budget impacts will be realized through increased fees and reduction in funding for programs not related to COVID-19 legislative budget priorities of wildfire prevention, and homelessness.

Senior administrative officials have informed department heads that they should have no expectations, all rules have changed, layoffs are anticipated, and no new projects will move forward including those previously in the 2020-21 fiscal year budget, with the only exceptions being those related to COVID-19 response and recovery.

A Special Committee on Pandemic Emergency Response met on May 6. The Committee is tasked with reviewing the State's response to the COVID-19 health crisis. The committee will also make findings and recommendations for future preparedness.

The SWRCB's Division of Financial Assistance (DFA) postponed a public workshop scheduled for April 29 to discuss the State Fiscal Year 2020-21 Clean Water State Revolving Fund (CWSRF) and Drinking Water State Revolving Fund (DWSRF) Intended Use Plans (IUPs).

The Department of Conservation (DOC) is releasing a new SGMA grant for watershed coordinators in critically impacted basins. The program is limited to \$200,000, solicitation opportunities began on May 15, with applications due no later than July 30. In addition to integrated watershed management and implementation, other eligible program elements include education and outreach.

## ***Bonds***

Governor Gavin Newsom is no longer supporting a \$4.75 billion bond for climate change projects on the November ballot given the cost implications of future debt service. The climate resiliency bond, which leaders in both houses of the Legislature had backed pre-pandemic, is not in Newsom's May Revision.

The Assembly Committee approved a \$7 billion bond to fund wildfire prevention, flood protection, drinking water improvements and drought adaptation. The author of AB 3256, Assemblyman Eduardo Garcia (D-Coachella), had touted the bond's potential role as an economic stimulus bill. AB 3256 is scheduled to be heard in the Assembly Appropriations Committee. However, it appears moving climate bonds forward successfully is unlikely given the pandemic-caused economic collapse. AB 3256 and SB 45 are the primary vehicles although SB 45 has yet to be referred to a committee. The future of any bond is the subject of gubernatorial discussions with the legislative leadership.

## ***Regulatory***

### ***SWRCB Fees***

As noted under the Budget section, eight permanent water quality positions, at an estimated cost of \$1.3 million, were approved from the Waste Discharge Permit Fund which supports 9 water quality programs. The stated intent is to provide sufficient resource to SWRCB in support of timely assessments for the California Integrated Report, which is required under the federal Clean Water Act. Fees for Fiscal Year 2020-21 were already tentatively scheduled to increase by 11% to 12 % prior to COVID-19 revenue reductions, associated cuts to the General Fund which partially supports the SWRCB, and this increase in staffing.

The State's justification is that the staff are needed to prepare comprehensive, accurate and timely assessments of California's rivers, lakes, beaches, and other surface waters. The assessments being needed due to a steady increase in available surface water quality data and the need to conform Federal regulatory requirements and to come into compliance with a court decision.

We have been strategizing with The Gualco Group regarding the best steps and approach to take to attempt to reduce the pressure on increasing water quality fees. The resulting increased financial pressure on fees from these staff increases further heightens our concerns. As such, we will be engaged in a June 9 SWRCB meeting and a later August 6 SWRCB Water Quality fees meeting. Among a number of other meetings, the Gualco Group will also be coordinating meetings with SWRCB Chair Joaquin Esquivel, Vice Chair Dorene D'Adamo and Board Member Sean Maguire.

### ***SAFE Drinking Water Fund***

The SWRCB is in the process of developing the "Safe and Affordable Drinking Water Fund Expenditure Plan," which is an annual plan that will define financing and programmatic requirements for each fiscal year. The fund expenditure plan was released at the end of May and is expected to be adopted on July 7. In 2019, Governor Newsom signed Senate Bill 200 (Monning), a long-term funding solution aimed to bring safe and affordable drinking water to disadvantaged communities. The SWRCB is authorized to spend \$130 million each year until 2030 using revenue from California's Greenhouse Gas Reduction Fund and the General Fund.

## ***Federal Affairs***

Both the House and Senate are in session. The House is operating with new proxy voting rules in place. The chambers are currently working on two legislative packages related to Federal coronavirus aid, one focused on additional relief and economic stimulus and one focused on public infrastructure. Senate Majority Leader Mitch McConnell (R-KY) recently stated he sees the potential for Congress to pass another coronavirus response bill sometime this summer.

## ***Legislative***

## ***COVID-19***

After passage of the HEROES ACT by the House on May 15, leaders of the House Appropriations Committee said they won't move to mark up the 12 appropriation bills until Congress agrees on additional coronavirus relief, which may take weeks of negotiation with the GOP led Senate. Republicans are essentially ignoring the latest House HEROES Act stimulus bill, and are taking a wait and see approach, wanting to gage the areas of need for additional stimulus dollars after funding from the previous \$3 trillion in COVID-19 bills is distributed.

The House bill primarily ignored using Federal infrastructure investment as a stimulus, but some energy and environment related priorities, including biofuels, agriculture aid and help for people with water and power bills was included. The legislation would provide nearly \$1 trillion in relief for state and local governments, including \$375 million in direct aid to all local governments via a new State and Local Coronavirus Relief Fund. The HEROES Act would also allow public employers to receive tax credits to cover the cost of providing paid sick and paid family leave mandated by the Families First Coronavirus Relief Act and would make lost revenue an eligible use of CARES Act Coronavirus Relief Funds.

President Donald Trump signed an Executive Order requiring Federal agencies to roll back or change regulations that may inhibit economic recovery. The Executive Order does not provide specific instructions but is a blanket message across the United States government to help the economy recover by easing regulations. Federal agencies have already been implementing the Administration's efforts to deregulate for several years. This Order heightens those efforts.

## ***Corps Bills***

### ***Water Resources Development Act***

Both the House and the Senate are working on water infrastructure bills that may be combined into a bipartisan infrastructure package according to the Senate Environment and Public Works (EPW) Committee Chair John Barrasso (R-WY).

The Senate Environment and Public Works (EPW) Committee has marked up and unanimously advanced the \$17 billion **America's Water Infrastructure Act (AWIA) of 2020** (S. 3591) and the \$2.5 billion **Drinking Water Infrastructure Act (DWIA) of 2020** (S. 3590). Combined, the two bills are referred to as the 2020 Water Resources Development Act (WRDA). The bills await floor time in the Senate. As noted, Senate EPW Chairman John Barrasso (R-WY) is contemplating combining both bills into a combined bipartisan infrastructure package. Doing so would create a multi-jurisdictional committee issue in the House, as the House T&I Committee has jurisdiction over wastewater and Clean Water Act (CWA) issues, and the Energy and Commerce (E&C) Committee has jurisdiction over drinking water.

The House Transportation and Infrastructure (T&I) Committee is finalizing their version of a WRDA bill which is expected to coincide the Senate's legislation related to Army Corps of Engineers' (Corps) project authorizations. The focus of the House WRDA bill will be on the civil works mission of the Corps, including navigation, flood damage reduction, hurricane and storm damage reduction, shoreline protection, and ecosystem restoration. The House T&I Committee is expected to release its WRDA bill in early June.

It is important to note, that no funding will accompany the WRDA bills once enacted. After the authorizing bills are signed in to law, funding would need to be appropriated under annual appropriations bills, including the FY 2021 spending bills which are currently limited to basically last

year's spending levels and would not provide any significant increase in infrastructure funding at the Federal level.

In early May, ACWA sent a letter (attached) to EPW Committee leadership to share their views on the Senate's water infrastructure bills. Congress has made it a priority to pass a WRDA bill every two years.

### ***Reclamation Bills***

Staff are monitoring several bills (see attachment). Below are updates on new bills or bills that have had activity during the month of May. Very little work occurred on western water and Reclamation bills over the last few weeks as Congress was focused on the nation's response to the COVID-19 pandemic. We anticipate that substantive work will begin within the next two months.

#### ***S. 1932 (Feinstein – D) Drought Resiliency and Water Supply Infrastructure Act***

A new draft of the bill was released in February. A final bill was expected to be released in March with hearings and mark-ups in April. Congress' work on COVID-19 related bills has delayed introduction of the revised S. 1932, but congressional and committee staff continue to work on the legislation. KRCD sent a letter in December 2019 to leadership of the Senate Committee on Energy and Natural Resources expressing supporting the provisions in the bill that would streamline the current funding approach and approval process for projects under the Water Infrastructure Improvements for the Nation (WIIN) Act.

#### ***S. 3811 (Feinstein – D) Restoration of Essential Conveyance Act***

Senator Dianne Feinstein introduced the Restoration of Essential Conveyance Act on May 21, a bill to repair critical canals in the San Joaquin Valley damaged by subsidence and for environmental restoration. The bill would authorize \$800 million for the Federal cost-share of three major canal repair projects and a major habitat restoration project including:

- \$200 million for California Aqueduct repairs, which would increase capacity to allow for an additional 205,000 acre-feet per year on average.
- \$200 million for the Friant-Kern Canal, which would increase capacity to allow for an additional 100,000 acre-feet per year on average.
- \$200 million for the Delta Mendota Canal, which would increase capacity to allow for an additional 62,000 acre-feet per year on average.
- \$200 million for the San Joaquin River Restoration Settlement to help restore salmon populations in the River.

Representatives Jim Costa and TJ Cox have introduced similar legislation in the House. (see H.R. 5316 and H.R. 5352 in bill attachment)

### ***Budget***

#### ***2021 Appropriations***

Congress must begin to mark up the 12 Fiscal Year 2021 appropriations bills in the next few months and may need to pass a temporary continuing resolution (CR) to avoid a government closure if the bills are not approved by September 30. The House initially planned to pass all 12 of its appropriations bills on the floor by June. That timeline has slipped as top Democrats focused on a draft of their \$3 trillion HEROES Act coronavirus relief package, which passed on May 15.

### ***Regulatory***

### *Central Valley Project and State Water Project*

A letter was sent by United States Bureau of Reclamation Commissioner Brenda Burman to California Democrats on Capitol Hill and a separate letter was sent by United States Representatives (Kevin McCarthy, Devin Nunes (CA-22), Ken Calvert (CA-42), Tom McClintock (CA-04), Doug LaMalfa (CA-01), and Paul Cook (CA-08)) to Governor Newsome regarding their lack of cooperation associated with the Central Valley and State Water Projects. Both letters request a withdrawal of the State's lawsuit against the recently finalized Federal biological opinions, including a pending preliminary injunction designed to block implementation of the biological opinions.

United States District Court (Eastern District of California) Judge Dale Drozd issued a preliminary injunction in the two lawsuits brought against the Trump administration by California's Natural Resources Agency and Environmental Protection Agency, and by a half-dozen environmental groups. The order barred the U.S. Bureau of Reclamation, until May 31, from increasing the amount of water it pumps from the San Joaquin Delta through the Federal Central Valley Project.

*Waters of the United States (WOTUS) and Navigable Protection Rule.* A coalition of states led by California and New York have asked a Federal court in northern California for a nationwide injunction against the Trump Administration's new definition of WOTUS while the rule is being litigated. California, New York, and 18 other blue states and cities sued over the Administration's WOTUS rewrite earlier. The rule also faces legal challenges from environmental groups, conservative interests, and property rights advocates. The lawsuits are scattered across Federal district courts throughout the country.

Two Democratic lawmakers have introduced a bill to block the implementation of a Trump administration rule limiting the scope of bodies of water that fall under Federal jurisdiction. House Committee on Transportation and Infrastructure chair Representative Peter DeFazio, of Oregon, and Chair of the Subcommittee on Water Resources and Environment Representative Grace Napolitano, of California, submitted a bill to block the *Navigable Waters Protection Rule*. The 1972 *Clean Water Act* made it illegal to discharge any pollutant into WOTUS unless a permit was obtained. The exact definition of WOTUS was contested in courts for decades. The Obama administration attempted to clarify the rule by expanding the definition to include more water bodies that flow directly or indirectly, to navigable waters. The Trump rule eliminated the 2015 rule and narrowed the definition to four types, leaving other waters under often more lenient state jurisdiction. More than a dozen leading environmental organizations have backed the bill, including Earthjustice, the League of Conservation Voters, the Environmental Law and Policy Center and the Sierra Club.

### *EPA*

In its draft proposal released under an Executive Order issued by President Trump last fall, the EPA would require advance notice in the Federal Register and the opportunity for public feedback on significant new proposed guidance. The draft rule would also create a petition process for members of the public or interest groups to seek to change or scrap existing guidance. While the agency has sometimes sought outside feedback on proposed guidance, it generally releases those comments only in response to a Freedom of Information Act request, as opposed to routinely posting them in an online public docket on the Federal clearinghouse website.

EPA is also seeking input on whether to create a similar petition process for formal regulations. All new guidance would be posted on a recently created central website. The proposed rule would have a 30-day public comment period when published in the Federal Register.

California, New York and more than a dozen other states, along with seven conservation groups, challenged the Trump Administration rules issued in August 2018 over how the Federal Endangered Species Act will be implemented. They claim the new rules would fundamentally weaken species protections and have far-reaching impacts. A Federal judge kept the states' challenge alive while

dismissing a similar lawsuit from the conservation groups. The 2018 rules would, among other things, reshape how species are identified for listing and critical habitat is determined.

EPA has issued its first update in almost 20 years to the country's water quality criteria recommendations for nutrients in lakes and reservoirs. The draft recommendations provide models of total nitrogen and phosphorus concentrations in lakes and reservoirs to protect aquatic life, recreation and drinking water. EPA is taking public comment on the recommendations for the next 60 days.

NFUA = Not Favored Unless Amended

SIA = Support if Amended

Oppose/C = Oppose/Coalition

*State**AB 2182 (Rubio, Blanca – D)*

Emergency backup generators: water and wastewater facilities exemption. Position: FAVOR. ACWA will not be pursuing their sponsored bill which sought to provide additional flexibility for the use of backup power generation during de-energization events. AB 2182 faced a number of hurdles, including being referred to two policy committees, and opposition (likely from local air districts and environmental entities). SB 1099 (Dodd D), which addresses the same issue, will now be our focus. KRCD previously sent two AB 2182 support letters (attached).

*SB 917 (Wiener – D)*

California Consumer Energy and Conservation Financing Authority: eminent domain: Northern California Local Energy Utility District: Northern California Energy Utility Services. Position: WATCH. This bill would establish a new process for a potential government takeover of Pacific Gas and Electric Company (PG&E) and would reestablish the California Consumer Energy and Conservation Financing Authority and authorize it to acquire, by eminent domain, the assets or ownership of certain electric or gas utilities that meet its criteria, including PG&E. Local publicly owned energy utilities may elect to join in the eminent domain action brought by the Authority and acquire that portion of the electrical or gas system necessary to provide service within its borders. The bill also grants bonding authority to enable the financing of the potential acquisition.

*SB 1099 (Dodd – D)*

Emergency backup generators: critical facilities: exemption. Position: FAVOR. Co-sponsored by CA Municipal Utilities Association and the Las Virgenes Municipal Water District. The bill would require air districts to grant a variance if there is an exceedance in runtime during a Public Safety Power Shutoff, and for testing and maintenance hours if they exceed the limit but are in compliance with NFPA Standard 110. A five-year sunset clause is included and the Energy Commission is required to perform a study on emergency backup generation options and opportunities to transition to clean energy technologies. Position: FAVOR

*SB 1280 (Monning – D)*

Drinking water: consolidation and extension of service: at-risk water systems. Position: WATCH. This bill authorize the State Water Resources Control Board to order consolidation between a receiving water system and an at-risk water system, as defined, upon receipt of a petition that substantially conforms to the specified-referenced policy adopted by the State Board and that is either approved by the water system's governing body or signed by at least 30% of the households served by the water system. For purposes of that provision, the bill would authorize the State Board to contract with a technical assistance provider or appoint an administrator to provide information to a community regarding the petition process, to assist with the preparation of a petition, or to evaluate whether a water system is an at-risk water system.

## Federal

### *H.R. 2473 (Harder – D) Securing Access for the Central Valley and Enhancing (SAVE) Water Resources Act*

Would establish a "water infrastructure and drought solutions fund" that, among other things, the Interior secretary could use to build "new surface or groundwater storage" and "water reclamation and reuse projects." The Secretary would also use a portion of the fund to issue grants under the Bureau of Reclamation's WaterSMART program that funds reuse and reclamation projects. There is some opposition to the bill related to previous objections to the RIFIA provision. This bill, or elements of the bill, could potentially be included in a collective House water resources package later in the year.

### *H.R. 3723 (Levin – D) Desalination Development Act*

Would increase funding by \$260 million over the next four years for a Bureau of Reclamation desalination grant program, among other things.

### *H.R. 4891 (Small – D) Western Water Security Act*

Would provide an additional \$120 million to the Bureau of Reclamation's WaterSMART program, authorizes an additional \$65 million to support desalination design and construction, setting aside \$15 million for rural desalination projects; and authorizes the Cooperative Watershed Management Program; and includes direction and programs on groundwater storage.

### *H.R. 5217 (McClintock – R) Water Optimization for the West (WOW) Act*

Would implement and fund a number of steps toward providing for western water security, reliability, modernization, and abundance. This includes strengthening the Central Valley Project; authorizing the Secretary of the Interior to participate in the development of the Water Blueprint for the San Joaquin Valley; increasing storage and desalination projects; pricing related to water deliveries; and river restoration projects, among other things.

### *H.R. 5316 (Cox – D) Move Water Now Act*

Would provide funding for the repairs of major canals affected by land subsidence and for the acceleration and completion of repairs to water delivery facilities. If funded, the bill would provide four annual appropriations of \$50 million (for a total of \$200 million) to help pay for the Friant-Kern Canal Capacity Correction Project. This bill has advanced out of the House Natural Resources Committee, but there has been no further action.

### *H.R. 5347 (Cox – D) Disadvantaged Community Drinking Water Assistance Act*

Would establish a grant program to improve access to safe drinking water in disadvantaged communities throughout California. This bill was marked up by, and has advanced out of, the House Natural Resources Committee. There has been no further action on this bill.

### *H.R. 5752 (Costa – D) Conveyance Capacity Correction Act*

Would provide for restoration of the original carrying capacity of water conveyance facilities impacted by land subsidence, and for other purposes.

### *H.R. 6617 (Cox – D) Western Water Storage Infrastructure Act*

This is a new bill introduced by Representative Cox along with Representatives Harder, Garamendi, and Costa. Aside from a few technical changes, the bill is nearly identical to the storage provisions included in S. 1932 which provides authority for the Bureau of Reclamation to engage with stakeholders to develop surface and groundwater storage.

*HR\_\_\_ Huffman (D-CA) FUTURE Drought Resiliency Act*

This bill has no bill number yet. Representative Huffman released and called for comments on draft legislation addressing a variety of western water issues. The bill is still in draft form and has not been introduced.

*H.R. 1162 (Napolitano – D) Western Water Security Act of 2019*

Would provide \$500 million in funding to address a "huge backlog" in water recycling and reuse projects.

*HR 6643 (Schneider - D) Supporting State and Local Leaders Act*

This bill addresses provisions in the Families First Coronavirus Relief Act that established new mandatory paid emergency sick and family leave programs but precluded public employers from being eligible to utilize a tax credit designed to help offset the cost of administering the programs. Only private employers are eligible for the tax credit, leaving the entire cost of the extra leave solely the local employers' responsibility. Our Federal Lobbyist coordinated with staff from both Representative Schneider and Cox's offices to gather co-signers to a letter as well as co-sponsors (currently 108). Engagement will continue along with efforts to include a fix in the next coronavirus relief package.

*S. 2567 (Murkowski - R and Manchin – D) American Energy Innovation Act (AEIA)*

This bill is focused on energy efficiency; renewable energy; energy storage; carbon capture, utilization, and storage; advanced nuclear; industrial and vehicle technologies; the Department of Energy; mineral security, cyber and grid security and modernization; and workforce development.

*S. 3422 (Gardner – R) Great American Outdoors Act*

The bill contains two major provisions: a \$9.5 billion investment in completing deferred maintenance projects at national parks and on public lands; and, mandatory annual funding (about \$900 million/year) for the Land and Water Conservation Fund (LWCF).

## **RE: Request for Retention of Budget Augmentation for Sustainable Groundwater Management Act (SGMA) to Assist Valley Agriculture in Compliance with the Act**

Dear Chair Wieckowski and Colleagues:

I am writing to request that the Senate Budget Sub-Committee #2, which oversees water supply reliability, reconsider Governor Newsom's new budget proposals and instead approve new funding to help the farmers and agriculture in my district comply with the Sustainable Groundwater Solutions Act (SGMA).

I supported the Governor's original January Budget which provided new General Fund funding for SGMA compliance assistance. I understand that our budget reality has since has changed, but I believe these funds continue to be a wise investment for my district and for our state.

Groundwater management is a central challenge for every resident, farm, and business in the Valley, even with the COVID 19 crisis. There are no waivers or respite from groundwater requirements for already economically strapped farmers. The Legislature must help invest in the success of SGMA and ensure California, and the 14<sup>th</sup> Senate District, continue to serve as the most productive farming region on earth.

The non-partisan LAO, in its review of this issue, stated, "Effective implementation of SGMA is key to statewide water management objectives," and the coming years represent an important phase of the process as GSAs are beginning to submit plans for DWR to review and beginning to apply sustainability actions.

SGMA Letter  
Page 2

I respectfully urge the Sub-committee to approve additional funding to help our farmers and agriculture meet very challenging groundwater requirements, even as they struggle with the broader trajectory of our state's economy.

Thank you, colleagues, for your consideration of this request.

Sincerely,

A handwritten signature in blue ink, reading "Melissa Hurtado". The signature is fluid and cursive, with the first name "Melissa" and last name "Hurtado" clearly distinguishable.

MELISSA HURTADO

Ranking Member Tom Carper  
Environment and Public Works Committee  
United States Senate  
410 Dirksen Senate Office Building  
Washington, DC 20510

Dear Chairman Barrasso and Ranking Member Carper,

On behalf of the Association of California Water Agencies (ACWA), thank you for this opportunity to share ACWA's views on the America's Water Infrastructure Act (AWIA) of 2020 and Drinking Water Infrastructure Act of 2020. ACWA's 455 public water agency members supply over 90 percent of the water delivered in California for residential, agricultural, and municipal uses.

ACWA is pleased you are moving forward with AWIA and supports much of the draft text. ACWA recommends the following:

**Bureau of Reclamation Title**

ACWA asks that a Bureau of Reclamation (Reclamation) title be included in the measure. Reclamation is the nation's largest wholesale water provider. Most Reclamation projects are physically located in the west, but this infrastructure benefits the entire nation through the food, fiber, power and economic benefits it generates. Congress, recognizing the importance of Reclamation included a Reclamation title in the 2018 AWIA (Public Law No: 115-270), which passed the Senate 99-1.

**Recommendation:**

We ask that the Committee build upon the successful effort of Public Law No: 115-270 and work with the Senate Energy Committee to develop a Bureau of Reclamation title for AWIA 2020.

**Codify Withdrawal of Water Supply Rule (81 FR 91556)**

On January 19, 2020, the Administration announced it was directing the Corps to withdraw the Water Supply Rule. This announcement came in response to a bipartisan letter signed by nineteen western senators, including leading members of the Environment and Public Works Committee.

**Recommendation:**

Water users are appreciative of the Administration's effort to withdraw the rule. It is a wise step that should be codified. Codification of the withdrawal would protect western water rights, protect the role of states in water management, and provide water managers with the certainty they need to supply water to our nation's communities

ACWA would also like to provide support or recommendations on the following provisions:

**Section 1005. Watercraft inspection stations.**

ACWA supports efforts to address invasive species. We believe the technical correction included in Section 1005 will ensure appropriate implementation of important efforts to combat the spread of invasive species.

**Section 1017. Continuing authority programs.**

This section establishes a significant cost-share waiver for “small” or “disadvantaged” communities seeking to carry out a project under a continuing authority program (CAP) with the Corps. Small communities often struggle to make improvement to water infrastructure due to smaller rate bases. ACWA supports the effort to increase federal cost share for these disadvantaged communities.

We recommend expanding the pilot program to also include Bureau of Reclamation projects that serve small or disadvantage communities.

**Section 1021. Aging Infrastructure.**

ACWA supports the aging infrastructure studies by the Corps for federal agencies and non-federal entities that own, operate, and maintain water infrastructure. We believe this will allow our members to learn about future infrastructure needs so that they can implement a plan to increase the longevity of the existing infrastructure.

**Section 1037. Interagency task force on small dams and fish passages.**

This section requires the Secretary to establish an interagency task force to study small dams and fish passages. The Secretary must also submit a report to Congress by December 31, 2021, that includes recommendations for a national strategy for identifying, prioritizing, and successfully removing or refurbishing small dams of concern by 2030. The interagency committee includes representatives from multiple federal agencies including the Corps, Reclamation, the Environmental Protection Agency, and several other agencies. This report will include recommendations related to dam removal and remediation.

Dam removal can be contentious and affect communities and local governments. ACWA recommends that the Committee direct the interagency task force consult with states and local governments when developing the report.

**Section 1042. Credit or Reimbursement.**

ACWA supports Section 1042. This section would benefit local project sponsors and the federal government by ensuring those that are capable of making Corps approved repairs can do them in a more efficient manner, freeing up federal resources for those areas within a disaster area that need additional assistance.

**Section 1054. Studies of water resources development projects by non-Federal interests.**

This section amends section 203 of WRDA 1986 (33 U.S.C. 2231) to permit a non-federal interest to undertake not just a federally authorized feasibility study of a proposed project, but also conduct a feasibility study on modifications or improvements to a project constructed by the Corps. ACWA supports this section.

**Section 1083. Corps of Engineers projects in underserved communities, economically distressed areas, or rural areas.**

This section allows the Secretary to recommend a project for funding without the need to demonstrate that the project is justified by national economic development benefits. This is contingent on the community that is served by the project being small, financially disadvantaged, or rural, as well as the long-term life safety, economic viability, and environmental sustainability of the community being threatened without the project. The economic evaluation of such a project must include non-monetary benefits, as well as monetary benefits. ACWA supports this section.

**Section 1101. Flexibility for projects.**

ACWA supports this section which establishes a two-year goal for the completion of Corps feasibility studies.

**Section 1102. Development of categorical exclusions.**

ACWA supports this section which directs the Secretary to share a list of the Corps' categorical exclusions for environmental review with other federal agencies and directs those federal agencies to conduct a rulemaking process if they determine that it is appropriate to adopt similar categorical exclusions. This section includes the Department of the Interior, Department of Agriculture, Department of Energy, and other federal agencies.

**Section 1202. Expedited completion.**

ACWA supports this section which requires the Secretary to expedite the completion, review, or validation of the applicable decision documents.

**Sections: 1602. Invasive species in impaired waters; 1603. Aquatic invasive species research; 1604. Invasive species mitigation and reduction; 1609. Invasive species in Alpine Lakes pilot program.**

ACWA appreciates and supports the efforts to address invasive species threats that would be authorized and expanded under these sections.

**Section 2004. Small publicly owned treatment works efficiency grant program.**

ACWA supports this section which creates an EPA grant program to assist small publicly owned treatment works that serve less than 10,000 people, or are disadvantaged, with replacing or repairing equipment to increase the water efficiency or energy efficiency.

**Section 2014. WIFIA.**

ACWA supports WIFIA for the Corps. ACWA requests your assistance in ensuring the USACE WIFIA program is authorized and able to receive the necessary appropriations to begin the issuance of loans. ACWA would like to see that the USACE WIFIA program be authorized at \$50 million dollars through 2024 like the EPA WIFIA program.

**Section 2015. Reauthorization of Clean Water State Revolving Loan Funds.**

ACWA supports efforts to increase funding to the Clean Water State Revolving Loan fund. Increasing this funding to \$3 billion by 2023 is necessary to support the health of our nation and our economy.

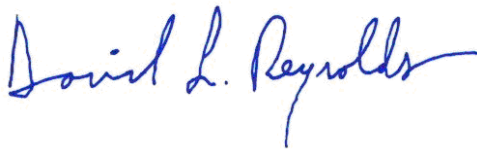

**Section 3010. Final rating opinion letters.**

ACWA supports this streamlined provision.

Again, ACWA appreciates your leadership on this important legislation.

If you have any questions regarding ACWA's comments, please contact ACWA Director of Federal Relations, David Reynolds by email at [direyns@sso.org](mailto:direyns@sso.org); by phone at (202) 434 – 4760; or by mail at 400 N Capitol Street NW, Suite 357, Washington, D.C., 20001.

Sincerely,

David L. Reynolds  
Director of Federal Relations  
Association of California Water Agencies

CC:

US Senator Dianne Feinstein  
US Senator Kamala Harris

June 1, 2020

**Memorandum**

TO: Paul G. Peschel, General Manager  
FROM: Cristel L. Tufenkjian, Director of External Affairs  
SUBJECT: Monthly Status Report – May 2020

STRATEGIC PLAN OBJECTIVE 6A

**KRCD Communications Campaign**

**E-Updates**

| Date   | Messaging/Topic | Reach | Open Rate | Click Rate | Lists       |
|--------|-----------------|-------|-----------|------------|-------------|
| 5/6/20 | SGMA E-News     | 354   | 44%       | 23%        | SGMA E-News |

**On-farm Recharge Campaign:** External Affairs staff create a Microsoft Excel spreadsheet outlining projects for GSA's within the KRCD service area. At least three projects were listed for every GSA with extra information, which was gathered directly from the agencies' GSP including project cost, timeline, and estimated acre feet per year percolation rate. This spreadsheet will be referenced when the story map itself is created so all of the necessary information is already in one place.

**Recharge Campaign Story Map:** External Affairs staff members completed a matrix identifying Groundwater Sustainability Plan projects (both completed, in progress, and potential) within the Kings River service area in an effort to select ideal story map locations. Staff coordinated with Water Resources staff to develop a conventional map plotting existing and planned IRWM projects; some of these projects have accompanying data that may be highlighted in the story map. The two draft resources together will be used to select story map locations for education on our watershed and the ultimate need for increased capacity on the system to meet the dichotomous needs of demand and sustainability.

**Media Relations Policy:** The KRCD media relations policy has been updated and reformatted into a template that was created to create a consistent look for all KRCD Board-approved policies. KRCD's media relations policy covers employees and board members responsibilities and actions while interacting with the media. Two additional external affairs policies, social media and public engagement will be drafted. All three draft policies, will be presented to the Board for adoption at a future Board meeting.

**Social Media Campaign:** External Affairs staff members began planning a social media campaign to promote the irrigation season in the Kings River region. The objective is to highlight the value of Kings River as a local source of water. The campaign will include 6 Tweets and 3 Facebook posts in the month of June covering the topics of agricultural use, urban use, irrigation and canals, and local management of the Kings River.

**Social Media Platform Publisher:** External Affairs staff began scheduling future posts via an online social media management tool Hootsuite to ensure continuous content flow across social channels.

**Water Safety Council:** External Affairs staff assisted the Water Safety Council with its monthly Facebook advertisement run. For the month of May, canal safety was the key message as irrigation districts begin their water runs. A graphic was developed with a photo background of a canal included messaging urging the public to stay out of canals despite warming weather. Two ads promoting this messaging were run for a total of \$100. The Water Safety Council was able to reach nearly 13,000 individuals over Facebook with a canal safety message.

**KRCD Intern:** The intern participated in a free Google Analytics training and is now certified in both Beginner and Advanced Google Analytics and has implemented tracking for the KRCD, MAGSA, NFKGSA, SFKGSA, and JGSA websites. Google Analytics tracking will show where the various sites are doing well and where they could use improvement. Tracking and understanding Google Analytics will help the External Affairs team create more user-friendly websites and help us reach more people with our content.

**Kings River Fisheries Program Support:** A website link audit was completed. Several

### STRATEGIC PLAN OBJECTIVE 6B

broken links were repaired. In addition, several updates were made to various pages.

## FEDERAL AND STATE LEGISLATIVE AND REGULATORY MATTERS

External Affairs staff members compiled and wrote summaries on State and Federal legislative and regulatory information and prepared a bill summary on State legislation AB 2642: *Department of Conservation: Multibenefit Land Conversion Incentive Program: administration* to support the external outreach efforts of General Manager Paul Peschel.

**Advocacy:** In preparation for future outreach efforts, a list of Federal, State, local and private entities were compiled by External Affairs staff and Executive Assistant Corey McLaughlin and the KRCD general presentation was updated.

### STRATEGIC PLAN OBJECTIVE 6C

## Groundwater Sustainability Plans Implementation Campaigns and Outreach

### KINGS SUBBASIN OUTREACH SERVICES

**McMullin Area GSA:** Several outreach services for the McMullin Area GSA (MAGSA) were performed. Support was provided in:

- Technical support for a Zoom board meeting and stakeholder outreach committee meeting
- GSP web portal page update
- Produced second social media video
- Produced and mailed a Spring 2020 direct mail piece to landowners
- Cleaned interested persons email database to allow personalization on future communications
- Published website article on the process for board policy development
- Published new website policy webpage and comment form
- Published social media videos to the website

- Posted five draft board policies to the new website policy webpage, and sent out the first "Stakeholder Alert" email update to the interested persons list for public engagement and comment
- Began developing social media calendar via Hootsuite to ensure continuous content flow
- Completed website link audit, repairing missing or broken links
- Updated "Resources" page with GSP workshop videos

**North Fork Kings GSA:** Services for the North Fork Kings GSA included a Groundwater Sustainability Plan FAQ document that was posted to the website. Staff conducted a website link audit, repairing missing or broken links across all webpages.

**James GSA:** External Affairs staff developed a draft Groundwater Sustainability Plan FAQ document.

**North Kings GSA:** External Affairs staff received a request by North Kings GSA Executive Director Kassy Chauhan to provide outreach services. Work continued in the month of May.

Work conducted to date has been well received by the GSA and its stakeholders. Work includes:

- Launch of Twitter account, and development of a June social media post calendar
- Draft budget for ongoing outreach services in FY 2020-21
- Completed a website audit and recommendations for improvements. An estimate was provided for KRCD to provide the recommended improvements.

#### TULARE LAKE SUBBASIN OUTREACH SERVICES

**South Fork Kings GSA:** External Affairs staff, along with KRCD staff and consultants, were successful in receiving the California Resilience Challenge grant to implement a drought vulnerability and resiliency assessment survey and conduct a feasibility study of Aquifer Storage and Recovery (ASR).

A robust outreach program is included in the grant. The outreach scope of work includes a landowner survey and community outreach to provide the SFKGSA insight, and to receive input from SFKGSA stakeholders on measures to adapt and build resilience to chronic climate change impacts on water supply. A targeted outreach survey to stakeholders will aid the SFKGSA's determination of the groundwater pumping magnitude, on-farm irrigation practices, and understanding of climate change impacts to groundwater supply. Workshops will be conducted to present the results of the surveys, along with landowner and community outreach to provide understanding and receive input on the concept of ASR along with focused outreach to landowners within a 2-mile radius of the proposed pilot test area.

External Affairs staff coordinated with the GSA administrator and technical consultant to begin planning the grant survey. Planning to date includes:

- Draft campaign budget
- Survey tactics
- Survey timeline
- Survey topics

Several other outreach services for the South Fork Kings GSA were performed.

- Published Annual Report article to website; sent to the interested persons list via email

- Developed Groundwater Sustainability Plan FAQs – posted to the website and sent to the interested persons list via email
- Published annual report to the website on new reports page
- Completed website link audit, repairing missing or broken links

**Implementation of Educational Programs for ILRP and CV-SALTS**

**Irrigated Lands Regulatory Program Outreach Support:** External Affairs staff completed an English/Spanish community handout to promote and educate the public on the Kings River Water Quality Coalition drinking water kiosk in Hanford. The handout will be used by non-governmental organizations (NGOs) to promote the kiosk in rural communities in the vicinity around the fill station.

## WATER QUALITY

### Kings River Water Quality Coalition (KRWQC)

#### KRWQC Board Meeting

The KRWQC did not meet in May; the next meeting is scheduled for June 16, 2020. Topics include Isotope Study Phase II, Management Zones, Membership Data Management System, fill stations, and annual membership rates.

#### Fill Station Development and Construction

The Hanford fill station was closed temporarily May 29<sup>th</sup> – June 1<sup>st</sup> for extensive cleaning and maintenance of the sediment filter. Staff are implementing an updated maintenance schedule to correct the issues. Sampling, cleaning, and maintenance frequency will be increased.

The Kerman fill station permit is currently under review. The design drawing is complete and awaiting approval with construction and fill station delivery anticipated in July.

Coalition staff and consultants have been working with Tulare County to find a final location for the Dinuba fill station. Tulare County staff identified two sites at the Dinuba Public Library. Consultants completed a site visit and feasibility analysis in May and selected the preferred location. Tulare County staff continue to review the license agreement. Coalition staff have provided Tulare County with three preliminary site renderings for review and is working through necessary insurance requirements.

#### Nitrate Management Zones

KRWQC has been in discussions with consultants and the Central Valley Regional Board regarding boundaries for the Management Zones. A scope and boundary recommendation has been presented to Coalition staff for consideration. The KRWQC Policy Committee will discuss and evaluate prior to the June 16<sup>th</sup> meeting.

### Isotope Study – Phase 2

Staff anticipate the consultants will present the Phase 2 findings at the June 16, 2020, KRWQC Board meeting.

### KRWQC Membership Activities

A third round of invoices has been sent with a due date of March 10, 2020. As of April 28, 2020, 3,834 members have submitted payments totaling in \$2,359,323 and covering approximately 748,101 acres.

Members continue to submit reports using hard copy templates, the KRWQC online reporting database, or by utilizing a third party. Membership use of the online reporting database continues to increase with a total of 1,786 members reporting online as of May 28, 2020.

Of the 3,486 members required to submit a Farm Evaluation and Nitrogen Management Plan Summary Report this year, 3,111 members (89% of members) have submitted the Farm Evaluation and 3,034 (87% of members) have submitted the Nitrogen Summary Report for the 2019 crop year.

A third reminder notice was mailed the beginning of May to members who have not yet submitted the Farm Evaluation and/or Nitrogen Management Plan Summary Report. In addition, KRWQC staff are reaching out by phone to those members whose report(s) were not received by the end of April.

Irrigation and Nitrogen Management Plan (INMP) and Farm Evaluation (FE) Templates have been approved for use. Staff presented the new INMP templates to members late 2019 for use in 2020 crop year. New FE templates will be distributed in 2020 for reporting in 2021.

### Web-Based Submittal Database

A new web-based portal will be launched during the next reporting round with the new reporting requirements.

### Outreach Activities

All in-person Continuing Education and NMP Self-Certification courses are postponed until further notice. The Coalition continues to send postcards to members who have yet to submit a Farm Evaluation or Nitrogen Management Plan Summary to remind them of the March 1st reporting deadline.

### Surface Water Quality Monitoring Plan Revisions

The consultant continues to prepare the revisions to the Surface Water Monitoring Plan; updates were received in April. The Coalition has completed review of the revisions and continues to work through outstanding items for submittal to the Central Valley Regional Water Quality Control Board (RWQCB).

### Surface Water Quality Sampling Activities

Surface water samples were collected from Gould Canal, Manning Avenue, Lemoore Weir, and Jackson Avenue on May 18, 2020. Physical parameters were collected at Empire Weir 2. Field sheets and photo documentation were collected at all sites.

### Groundwater Quality Trend Monitoring Plan

The Coalition continues to work with subconsultants on the reevaluation of current rationale for the representative groundwater quality trend monitoring (GQTM) network.

### Groundwater Quality Trend Monitoring Activities

Staff are preparing for the 2020 Groundwater Quality Trend Monitoring event scheduled for June.

### Drain Survey Activities

The monthly drain survey was conducted on May 28, 2020, for the upper river including the Army Corps Bridge to People's Weir with a portion of the south fork drains also completed. All remaining drains were assessed on May 29, 2020.

### Southern San Joaquin Valley Management Practices Evaluation Program (MPEP)

#### Committee

A meeting was held on May 6<sup>th</sup> via teleconference. Bills and Financial Report were reviewed and approved. A draft budget for the coming year was delivered to the committee members for discussion purposes. General agreement on the amounts proposed and a request to the consultant to revise costs to match the previous budget amount was made. Budget approval is expected in June. Consultant reported on the various grant opportunities being pursued (FREP for N removed, CIG (On-Farm), and CIG (Classic)). The CIG (On-Farm) will not be pursued due to lack of a suitable cooperator (UCCE had similar grant management issues as the MPEP Committee). CIG (Classic) proposal would be for \$2M, like the previous grant. A conference call was held on May 12<sup>th</sup> to discuss the Scope of Work being proposed for the CIG (Classic) grant. The Northern MPEP group has elected not to participate in the application process.

An update on the State Board Surface Water Expert Panel was given, with the possibility of delaying the process until in-person meetings can be resumed. This was supported by the Regional Water Quality Control Board's Executive Officer and the Panel Members, as public input during remote meetings is difficult, at best.

*KRWQC/KRCD serves as the Fiscal Agent for this Committee. (Participants: Kings, Kaweah, Tule, Kern, Cawelo, Westside, Buena Vista Coalitions).*

### Central Valley Salinity Alternatives for Long-Term Sustainability (CV-SALTS)

The CV-SALTS Executive Committee met via conference call on May 14, 2020. The Executive Committee discussed the implementation of the adopted basin plan amendments, Prioritization & Optimization Study Workplan, and outreach efforts. The Regional Water Quality Control Board mailed Notice to Comply letters on May 29, 2020.

*KRWQC/KRCD is the fiscal agent for this group. (Participants: Kings, Kaweah, Tule, Kern)*

### Central Valley Groundwater Monitoring Collaborative (CVGMC)

The QAPP for the CVGMC has been tentatively approved.

*KRWQC/KRCD is the fiscal agent for this group. (Participants: Cawelo, Buena Vista, East San Joaquin, Kern, Kings, Kaweah, Kern, Westside, Westlands)*

### Regional Water Quality Control Board (RWQCB) Activities

Regional Board staff have not taken any enforcement actions during the month of May 2020. This is likely due to continued reduced Board staffing.

## **State Water Board Petition of the East San Joaquin General Order**

Nothing to report for May.

## **WATER RESOURCES**

### **Sustainable Groundwater Management Act of 2014 (SGMA)**

#### **Groundwater Sustainability Planning (GSP) Related Activities**

##### *North Fork Kings GSP Activities*

The North Fork Kings GSP received nine comments during the DWR public comment period that ended on May 15, 2020. The comments are being reviewed by consultants; DWR has not indicated what consideration these comments will receive nor if the GSA's will have an opportunity to respond.

##### *South Fork Kings GSP Activities*

The South Fork Kings GSA has been granted \$200,000 from the California Resilience Challenge. This funding opportunity will provide \$200,000 towards grower and DAC outreach, and the Aquifer Storage and Recovery pilot project.

DWR concluded the public comment period for the subbasin GSP on May 15, 2020. The Tulare Lake GSP received 13 comment letters that are currently being reviewed.

### **California Statewide Groundwater Elevation Monitoring Program – SBx7 6 (CASGEM)**

The CASGEM well survey for Spring 2020 was conducted from March 17<sup>th</sup>-27<sup>th</sup>. As of January 31<sup>st</sup>, 23 of 57 CASGEM wells and 15 of 58 Voluntary wells have been migrated from the CASGEM program to SGMA monitoring networks and will be monitored and reported by the networks' respective GSA's.

Spring 2020 elevation data has been uploaded to CASGEM.

### **KRCD Subsidence Monitoring**

Staff are currently developing a program plan and quality control measures to present to the Kings and Tulare Lake subbasin GSA's.

### **Kings Basin Water Authority (KBWA)**

#### **Board of Directors**

The KBWA Board of Directors is scheduled to meet on July 15, 2020.

#### **Advisory Committee**

At the April 15, 2020, Special Advisory Committee meeting, the Committee authorized an Outreach Workgroup to update the 2013 KBWA highlight brochure with more recent accomplishments of the KBWA. The brochure provides a brief overview of the history of the KBWA and examples of projects that have been completed. The brochure will be utilized as an outreach tool to educate new members and the public. An Outreach Workgroup meeting was convened on May 12, 2020, to discuss sections of the brochure to update. The next regular KBWA Advisory Committee meeting is scheduled for June 17, 2020.

### **Prop 1 Disadvantaged Communities (DACs) Involvement Grant**

The next Project Advisory Committee is scheduled for June 18, 2020.

### **Prop 1, Round 1 IRWM Implementation Grant**

Prop 1 Round 1 IRWM Implementation Grant Program awarded the Fresno Metropolitan Flood Control District \$1,113,033 for their Basin "CF" Groundwater Recharge and Flood Protection Project. This project would provide a direct benefit to the community of Malaga. Staff received DWR's Award Letter on May 29, 2020, and have 14 days to accept the award and 60 days to provide any updates to the scope, budget, and schedule.

### **Inter-regional and Statewide Coordination**

Staff participated in a conference call of the ACWA IRWM Subcommittee on May 18, 2020. The Subcommittee worked on developing a fact sheet template that may be used by IRWM regions as an outreach tool for their constituents, legislators, or lobbyists.

### **Kings River Conservation District Grants**

#### **McMullin On-Farm Flood Water Capture and Recharge Project**

Nothing to report for May.

#### **Prop 84 Statewide Flood Emergency Response Grant Program**

Nothing to report for May.

## **WATER RESOURCES DIVISION ACTIVITIES**

### **Geographic Information System (GIS) Projects**

#### **General**

Work on the 2020 Fresno County election maps was initiated for the upcoming KRCD election. Staff replied to the County's first contacts and is awaiting their reply to the updated data we provided.

#### **SGMA**

A KRCD/SGMA subsidence monitoring plan is being prepared. Subsidence data and project components are being reviewed and updated for better use in ongoing SGMA monitoring. Spring 2020 groundwater measurements were shared with the Kings Subbasin coordinator, including wells added at the request of NFKGSA. Staff are creating a system to store and map well permits in NFKGSA.

#### **KRWQC**

Map preparation for the 2020 trend monitoring sampling has begun and will be ready by mid-June. Staff answered various requests for maps and data from other staff, stakeholders, and consultants. ILRP data files and folders continue to be reviewed, cleaned, and reorganized.

#### **Flood Maintenance**

Staff surveyed the right bank interior and KRCD levees near the Lemoore well field/solar farm. A post-project survey was performed on Laguna Irrigation District's interior levee at Island Weir. Points from both surveys were processed, mapped, and sent to the consultant for use in the levee model. Staff also participated in a meeting regarding the levee model. Various other map and data, internal and external, requests were answered/fulfilled.

June 2, 2020

## ***Memorandum***

TO: Paul G. Peschel, P.E., General Manager

FROM: David M. Merritt, Deputy GM

SUBJECT: Monthly Status Report – May 2020

This report covers the activities of the Jeff L. Taylor Pine Flat Power Plant, Kings River Flood Operations & Maintenance, Environmental / Fisheries, Capital and Grant Projects. Accounting / Business Operations and Water Resources are provided separately from the CFO and Director of Water Resources, respectively.

## **JEFF L. TAYLOR PINE FLAT POWER PLANT**

### **Reservoir Status:**

The reservoir elevation began the month at 892.61 feet (ft.) and storage of 685,900 acre-feet (AF). As of June 1, 2020, the reservoir elevation was 919.16 ft. and storage of 819,322 AF. Turbine discharge for the month was 126,014 AF. Discharge through the turbine bypass system was zero AF. Spill from the dam for the month was zero AF. Flow from Mill and Hughes Creeks was 486 AF.

### **Power Plant Generation:**

Net facility generation – 38,642.6 MWhrs.

### **Unit Status:**

| Unit #       | Gross MWhrs      | In-Service Hours | Standby Hours | Out of Service Hours |
|--------------|------------------|------------------|---------------|----------------------|
| 1            | 29,797.46        | 613.02           | 130.98        | 0                    |
| 2            | 9,273.69         | 200.09           | 543.91        | 0                    |
| 3            | 0                | 0                | 744           | 0                    |
| <b>TOTAL</b> | <b>39,071.15</b> |                  |               |                      |

### **Administrative:**

COVID19 preventative measures:

- Continue to abide by Fresno County and State orders/recommendations
- Increased preventative measures are in place

Met with the budget committee to review the DRAFT Fiscal Year 2020/21 operating budget. Approval was given to present to the full board at the June 2020 meeting. The Pine Flat

coordinating committee (Ravi Sharma and David Merritt) reviewed the proposed budget and approved it for final.

FERC License Renewal – several meetings were held over the month, along with botanical surveys within the current boundary area to develop amendment applications. KRCD environmental staff pulled together a data request for DWR concerning the fishery and original FERC license filing concerning Schedule S.

The facility was awarded grant funds from the Air District to purchase an electric vehicle to replace the 34-year-old Cushman. The contract was signed by KRCD and now waits for execution at the Air District. While budgeted in the 2019/20 fiscal year, this may carry forward into 2020/21 fiscal year.

#### **Operations & Maintenance:**

- Routine monthly preventative maintenance tasks completed.
- The river SONDE has been upgraded and now is communicating with the OSI-PI data historian.
- Filtered and pulled samples from the Unit 1 and 2 bearing oil tubs.

#### **Environmental, Health and Safety (EH&S):**

Facility safety record as of June 1, 2020 - 857 days without a lost-time incident.

Safety items conducted over the month covered COVID19 related items and dealing with stress.

#### **Regulatory Compliance:**

The following items were completed:

- Energy Information Administration - Form 923M – May production report.
- Air permit for the emergency diesel generator renewed for another year.

#### **NERC/WECC Compliance:**

All monthly inspections were completed and the reports filed in the program – North American Electric Reliability Corporation (NERC) Generating Availability Data System (GADS) updated.

Additional cyber security enhancements completed over the month.

#### **Personnel:**

We intend on soliciting for an operator position by June 5. This position was left empty due to the COVID 19 pandemic.

#### **Forecast / Reports:**

The monthly Power Generation and Reservoir Forecast for the twelve-month period commencing June 1, 2020, attached.

| <b>2019/20 Power Revenue Budget to Actual – Updated Based May 1,2020 Forecast</b> |                          |                                       |                |
|---|--------------------------|---------------------------------------|----------------|
| Month   | Budgeted Revenue - Gross | Actual (AR) / Forecasted (FR) Revenue | Over / (Short) |
| July  | \$1,036,046              | \$1,090,053 - AR                      | \$54,007       |
| August  | \$606,624                | \$802,902 - AR                        | \$196,278      |
| September   | \$171,462                | \$338,211 - AR                        | \$166,749      |
| October   | \$165,506                | \$269,785 - AR                        | \$104,279      |

|               |                    |                    |                    |
|---------------|--------------------|--------------------|--------------------|
| November      | -                  | \$1,807 - AR       | \$1,807            |
| December      | -                  | - AR               | -                  |
| January       | -                  | - AR               | -                  |
| February      | \$67,472           | - AR               | (\$67,472)         |
| March         | \$195,546          | - AR               | (\$195,546)        |
| April         | \$261,926          | \$12,746 - AR      | (\$249,180)        |
| May           | \$575,250          | \$296,941 - AR     | (\$278,309)        |
| June          | \$920,168          | \$743,270 - FR     | (\$176,898)        |
| <b>Total:</b> | <b>\$4,000,000</b> | <b>\$3,555,717</b> | <b>(\$444,285)</b> |

Note – June Forecasted Revenue and Over/ (Short) revised based on June 1, 2020 forecast

## FUTURE POWER / WATER STORAGE RELATED ITEMS

### Pine Flat – Unit 4:

Continue to work with project consulting team and have executed a contract with McMillen Jacobs to evaluate the construction cost to better refine our financial model.

### Water Storage Opportunity Projects:

A cost refinement proposal is still pending from Stantec. Once received, we will circle back with the broader group involved in next steps.

## ENVIRONMENTAL DIVISION

### Administrative Items:

All environmental staff continue working from home due to COVID19 requirements.

FY20/21 Budget planning continued over the month and was presented to the budget committee – next steps will be a full board presentation at the June meeting.

### Fisheries Management Program (FMP):

The Public Advisory Group (PAG) all meetings until further notice due to COVID19 – monthly updates continue to be provided to the group electronically from KRCD, KRWA and CDFW.

### Executive Committee Meeting (ExCom):

Meeting held via Zoom May 20, 2020:

- The 2019 Fishbio Snorkel Survey was presented and approved
- The 2018-19 Annual Technical Report was reviewed and approved
- The 2020/21 Annual Plan and Budget was reviewed and approved
- The overall finances were reviewed and approved
- CDFW gave a presentation on the current creel survey they performed on the Lower Kings – very positive!

### Technical Steering Committee (TSC):

The committee met on May 26, 2020 and discussed the following:

- Reviewed water conditions
- Trout incubator operations and only running two rounds through late 2020
- Rainbow trout stocking and program supplemental stocking – we have confirmation from Calaveras for the fall stocking needs.
- Need to develop reservoir projects and coordination with the USACE and CDFW reservoir biologists.

- Habitat enhancement opportunities based on the Cramer study.

### **Stocking:**

**Supplemental Stocking Plan:** Program will restart October 2020.

**CDFW Annual Budgeted Stocking:** Continues on a weekly basis.

### **Personnel:**

No updates.

## **FLOOD DIVISION**

### **Administrative:**

COVID19 preventative measures:

- Maintenance staff continues to work on an individual basis to allow for social distancing
- Continue to abide by Fresno County and State orders/recommendations
- Increased routine cleaning of common areas

FY20/21 Budget planning continued over the month and was presented to the budget committee – next steps will be a full board presentation at the June meeting.

### **Operations and Maintenance Activities:**

- Levee mowing – 15 miles
- Channel mowing – 100 acres
- Weed control (spraying) along levee – 21 miles
- Levee grading – 0.1 miles
- Animal burrows removed along levee – 1 mile
- Sediment removed from channel – 118,000 cubic yards

### **Environmental, Health and Safety (EH&S):**

Safety record as of June 1, 2020 – 668 days without a lost time incident.

Monthly safety topics covered COVID19, Heat Stress and Working Outdoors, Mosquitos & Ticks.

### **Personnel:**

Kevin Keeton, remains out on medical leave of absence.

Hiring suspended due to COVID19 – one Flood Maintenance Worker position is open.

## **GRANT / RESOURCE ACTIVITIES**

### **McMullin On-Farm Flood Water Project (Terranova):**

Work over the month:

- Electrical completion still pending PG&E transformer and electrical drop install.
- On farm canal extension from main north canal running west is completed except farm road crossing.
- Project governance structure planning meetings continue a weekly basis.

### **Levee Evaluation Grant:**

All significant activities are completed under this program and pulling together final documents.

**Statewide Flood Emergency Response Grant Program:**

Provost continues development of the plan based on model scenarios from GEI.

**Prop 68 – Invasive Plant Species:**

Staff is preparing an application to apply for approximately \$1M in grant funds to eliminate invasive plant species throughout the flood project. This will require partnership with a Resource Conservation District (RCD) and a long-term monitoring plan. Staff has reached out to Tulare Lake RCD and their board has approved this cooperative project. A resolution will be asked of the KRCD board at the June meeting.

**Weather Modification Services:**

Completed for the season.

DMM/dmr

File: 202.03

May 31, 2020

***Memorandum***

TO: Paul G. Peschel, P.E., General Manager

FROM: Brian Trevarrow, CFO

SUBJECT: Monthly Status Report of Activities for the Month of May 2020

This is the monthly status report for the CFO for the month of May 2020, and includes input from the Finance, Human Resources and Admin Departments.

I attended the North Fork Kings (NFK) GSA and the McMullin Area GSA (MAGSA) meetings during the month of May and gave the financial reports.

I met with the budget committees of the North Fork and South Fork Kings GSA. The GSA budgets are anticipated to be approved in June. I also met with the budget committee of the Kings River Water Quality Coalition (KRWQC). The KRWQC budget is anticipated to be approved in June. The Kings Basin Water Authority budget is expected to be approved in July.

The FY2021 KRCD budget was presented to the Budget and Audit Committee. The committee met once during the month. The committee provided direction to staff and the proposed budget was finalized for presentation to the Board.

The new IPflex 100MBs fiber service was scheduled for activation May 6, 2020. PCSolutions and AT&T successfully transitioned to the new service for the District Office. The District Office wi-fi network is active. There is a partition for staff use and a partition for use by guests of KRCD.

The Senior Accountant attended webinars covering payroll preparation and updates to the District's accounting software.

Stacy Wright attended various meetings, webinars, and training sessions to keep her understanding of ever-changing HR issues and laws up to date. Throughout the month, she continued to monitor and update staff on the local, state, and federal mandates regarding the COVID-19 pandemic. Mrs. Wright also worked with an employee on leave to continue the interactive process.

*Memorandum*

TO: Board of Directors

FROM: Brian Trevarrow, CFO 

SUBJECT: Budget for Fiscal Year 2020-2021

Enclosed is a copy of the Kings River Conservation District proposed draft budget for Fiscal Year 2020-2021 for your consideration and review in preparation for the June 9, 2020 Board Meeting. The Budget Committee met on 5/7/2020 and proposed budget was reviewed by the Budget Committee. The Committee gave direction to staff and agreed to recommend the attached to the Board for approval.

Power revenue is budgeted at \$1,009,500 based on current reservoir conditions and 90% runoff exceedance through March, 2021 and 70% runoff exceedance from April, 2021 through June, 2021. Based on the Revenue Stabilization Fund procedures, \$40,500 was budgeted from the Stabilization Fund to bring the total to \$1,050,000.

Cost-of-Living increases of 3% for represented and non-represented staff have been included in the budget. Merit increases are also included.

Page 40 of the budget package compares anticipated revenues to expenses. The budget is presented as balanced by utilizing the Revenue Stabilization Fund and a request to use \$168,000 of Capital Improvements Reserves for General Fund capital items. The breakdown is as follows:

\$28,000 Passenger vehicle, Fresno office  
\$33,000 F-250 pickup, Fresno office  
\$72,000 Tractor with bucket and grapppler, Riverdale yard  
\$35,000 New roof, Riverdale building

We have sought to be conservative in the preparation of this budget. The Budget Committee recommended that an additional \$118,475 be drawn from the Revenue Stabilization Fund to perform flood/levee maintenance in the next year while Kings River flows are down.

If you have any questions in advance of the meeting please call me (237-5567, x128) or email me (btrevarrow@krkd.org).

| <i>Variance</i>  | 10,100  | 130,375 | (1,975,000) | (1,834,525) |

The FMP KRCD Contribution budgeted amount is the \$96,848 above.

There is approximately \$225,00 of restricted funds for the FMP Program. That is the cumulative total of annual spending less than the District's annual \$50,000 commitment to the Fisheries Management Program.

KINGS RIVER CONSERVATION DISTRICT

STATEMENT OF INVESTMENT POLICY

PURPOSE:

This statement is intended to provide a guideline for the prudent investment of temporary idle cash, trust funds and restricted monies and to outline a policy for maximizing the efficiency of the cash management system. Ultimate investment goals include the enhancement of economic status and the protection of pooled cash investments.

OBJECTIVE:

The cash management system of Kings River Conservation District (KRCD) is designed to accurately monitor and forecast expenditures and revenues, thus insuring the investment of monies to the fullest extent possible. KRCD attempts to obtain the highest interest yields possible through investments that meet the required criteria for safety and liquidity.

POLICY:

KRCD strives to maintain the level of investment of idle funds as near to 100% as possible. Consistent with this factor investments are made under the terms and conditions of Sections 53600 - 53684 (governing financial affairs) and Sections 16429.1 to 16429.3 (concerning Local Agency Investment Fund) of the Government Code of California.

KRCD operates its pooled idle cash investments under the Prudent Investor Standard. (Copy attached.) This affords a broad spectrum of investment opportunities so long as the investment is deemed prudent and is permissible under currently effective legislation of the State of California and other imposed legal restrictions.

Permitted investments are identified in Sections 53601.8, 53635, 53635.2, 53635.8, and 53648 of the Government Code of California.

Criteria for selecting investments and the absolute order of priority are:

1. Safety
2. Liquidity
3. Yield

The primary basic premise underlying KRCD's investment policy is to insure the safety of principal and to provide funds when needed. A high dollar yield on investments, though important, ranks third in the priority of investment strategy.

Investment maturities are selected to anticipate cash needs, thereby obviating the need for forced liquidation and the accompanying loss of interest income.

KRCD operates its investment program with many Federal, State and self-imposed constraints. It does not buy stocks; it does not speculate; it does not deal in futures, options or security loan agreements. Longer term investments (over one year) are generally limited to maturities of five years or less.

To maximize investment income, KRCD uses all available, economically feasibility investment aids. Economic conditions and various money markets are monitored in order to assess the probable course of interest rates.

REPORTING:

A monthly investment report shall be submitted by the Deputy General Manager / CFO to the KRCD board of directors to provide a clear picture of the status of the current investment portfolio. The report should include a listing of the securities held; average life and final maturity of all investments listed; earnings rate; earnings accrued to date; percentage of the portfolio represented by each investment category.

PRUDENT INVESTOR STANDARD

West's Annotated California Government Code Section 53600.3

Except as provided in subdivision (a) of Section 27000.3, all governing bodies of local agencies or persons authorized to make investment decisions on behalf of those local agencies investing public funds pursuant to this chapter are trustees and therefore fiduciaries subject to the prudent investor standard. When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency. Within the limitations of this section and considering individual investments as part of an overall strategy, investments may be acquired as authorized by law.

OF THE KINGS RIVER CONSERVATION DISTRICT  
FRESNO, CALIFORNIA

AGENDA ITEM 9

RESOLUTION NO 20-03

APPROVING THE APPLICATION FOR GRANT FUNDS FROM THE CALIFORNIA DROUGHT,  
WATER, PARKS CLIMATE, COASTAL PROTECTION AND OUTDOOR ACCESS FOR ALL ACT  
OF 2018 (PROPOSITION 68)

**WHEREAS**, the Legislature and Governor of the State of California have provided funds for the program shown above; and

**WHEREAS**, the Department of Conservation has been delegated the responsibility for the administration of this grant program through the Working Lands and Riparian Corridors Program Guidelines approved on May 29, 2019, establishing necessary procedures; and

**WHEREAS**, the Kings River Conservation District desires to make a Co-Application with the Tulare Lake Resource Conservation District for funding under the Proposition 68 Grant Program's Working Lands and Riparian Corridors Program grant solicitation, to remove invasive botany species and clean up debris on the Kings River;

**WHEREAS**, said procedures established by the Department of Conservation require a resolution certifying the approval of applicants by their governing board before submission of application to the State; and

**WHEREAS**, the Kings River Conservation District, if selected, will enter into an agreement with the State of California to carry out the project;

**NOW, THEREFORE, BE IT RESOLVED**, that the Board of Directors of the Kings River Conservation District: that application be made to the California Department of Conservation for Proposition 68 Grant funds for Kings River Clean Up (Section 80134(c)(2) of Chapter 10 of Division 45 of the Public Resources Code and amendments thereto); and

**BE IT FURTHER RESOLVED THAT**, the General Manager, Deputy General Manager, or their designee, is hereby authorized to prepare the necessary data, conduct investigations, sign, and file such an application with the California Department of Conservation and execute a grant agreement accepting the template terms and conditions with the California Department of Conservation, committing the District to all assurances and certifications therein.

**THE FOREGOING RESOLUTION** was passed and adopted by the Board of Directors at the Regular Meeting of the Board of Directors of the Kings River Conservation District on this 9th day of June 2020, by the following vote:

BEFORE THE BOARD OF DIRECTORS  
OF THE KINGS RIVER CONSERVATION DISTRICT  
FRESNO, CALIFORNIA

**RESOLUTION NO. 20-04**

**ORDERING EVEN-YEAR BOARD OF DIRECTORS  
ELECTION; CONSOLIDATION OF ELECTIONS; AND  
SPECIFICATIONS OF THE ELECTION ORDER**

**WHEREAS**, California Elections Code requires a general district election be held in each district to choose a successor for each elective officer whose term will expire on the first Friday in December following the election to be held on the first Tuesday after the first Monday in November in each even-numbered year; and

**WHEREAS**, other elections may be held in whole or in part of the territory of the district, and it is to the advantage of the district to consolidate pursuant to Elections Code Section 10400; and

**WHEREAS**, Elections Code Section 10520 requires each district involved in a general election to reimburse the county for the actual costs incurred by the county elections official in conducting the election for that district; and

**WHEREAS**, Elections Code Section 13307 requires that before the nominating period opens, the governing body must determine whether a charge shall be levied against each candidate submitting a candidate's statement to be sent to the voters; and

**WHEREAS**, Elections Code Section 12112 requires the elections official of the principal county to publish a notice of the election once in a newspaper of general circulation in the district;

**NOW, THEREFORE, IT IS ORDERED** that an election be held within the territory included in this district on the 3<sup>rd</sup> day of November, 2020, for the purpose of electing members to the board of directors of said district in accordance with the following specifications:

**SPECIFICATIONS OF THE ELECTION ORDER**

1. The Election shall be held on Tuesday, the 3<sup>rd</sup> day of November, 2020. The purpose of the election is to choose members of the board of directors for the following seats:
  - a) Division II, Director, for a term of four years from 2020 through 2024.
  - b) Division IV, Director, for a term of four years from 2020 through 2024.
  - c) Division VI, Director, for a term of four years from 2020 through 2024.
  - d) Division VII, Director, for a term of four years from 2020 through 2024.
2. This governing board hereby requests and consents to the consolidation of this election with other elections which may be held in whole or in part of the territory of the district, as provided in Elections Code 10400.
3. The district will reimburse the county for the actual cost incurred by the county elections official in conducting the general district election upon receipt of a bill stating the amount due as determined by the elections official.

4. The district has determined that the Candidate will pay for the Candidate's Statement. The Candidate's Statement will be limited to 200 words.

5. The district directs that the County Registrar of Voters of the principal county (Fresno) publish the notice of election in the following newspaper, which is a newspaper of general circulation that is regularly circulated in the territory: The Fresno Bee.

**THE FOREGOING RESOLUTION** was passed and adopted by the Board of Directors at the Regular Meeting of the Board of Directors of the Kings River Conservation District on this 9<sup>th</sup> day of June 2020, by the following vote:
