SEC. 3. Said district is hereby divided into six divisions, which shall be numbered and denominated Division One, Division Two, Division Three, Division Four, Division Five, and Division Six.

Division One shall comprise all that territory of the district included within the following described boundaries:

Commencing in the middle of the Main Channel of Kings River on the section line between Sections 17 and 18 in Township 13 South, Range 24 East, M. D. B. & M.; thence running south along said section line to the left bank of said river; thence running downstream along the said left bank of said river to the head of the ditch formerly known as 76 Canal and now known as the Alta Main Canal; thence running downstream along the left bank of said Alta Main Canal to the main headgate in said Canal located in Section 2, Township 14 South, Range 23 East, M. D. B. & M., said Alta Main Canal down to this headgate being sometimes known as the Back Channel of said River; thence running downstream along the left bank of said Alta Main Canal and along the left bank of the continuance of said Main Canal known as the East Branch of said Alta Main Canal as said East Branch was originally constructed, and along the left bank of the continuance of said East Branch, known as the Sontag Ditch, as said Sontag Ditch was originally constructed, to the east line of Section 35 in Township 16 South, Range 25 East, M. D. B. & M.; thence running south to the southeast corner of said Section 35; thence running east to the quarter section corner on the north boundary line of Section 1 in Township 17 South, Range 25 East, M. D. B. & M.; thence

running south to the southeast corner of the southwest quarter of said Section 1; thence running west on section lines 3 miles to the quarter section corner between Sections 4 and 9 in Township 17 South, Range 25 East, M. D. B. & M.; thence running south to the quarter section corner between Sections 21 and 28 in Township 17 South, Range 25 East, M. D. B. & M.; thence running west to the southeast corner of Section 22 in Township 17 South, Range 24 East, M. D. B. & M.; thence running north 27 chains and 50 links to the meander line between swampland and highland; thence running in a northwesterly direction on the said meander line to the quarter section corner on the west boundary line of Section 22 in Township 17 South, Range 24 East, M. D. B. & M.; thence running west to the quarter section corner between Sections 19 and 20 in Township 17 South, Range 24 East, M. D. B. & M.; thence running south to the southeast corner of Section 19, Township 17 South, Range 24 East, M. D. B. & M.; thence running west to the right bank of the slough used as part of the ditch known as the Settlers Ditch; thence running downstream along the right bank of said slough, and said Settlers Ditch to the point where it crosses the section line on the west boundary of Section 1 in Township 18 South, Range 22 East, M. D. B. & M.; thence running north along the section lines to the left bank of the ditch known as the Peoples Ditch near the southwest corner of Section 13 in Township 17 South, Range 22 East, M. D. B. & M.; thence running upstream along the left bank of said Peoples Ditch to said Kings River; thence running north to the center of the Main Channel of said river; thence running upstream along the center of the Main Channel of said river to the section line on the west side of the northwest quarter of Section 10 in Township 15 South, Range 23 East, M. D. B. & M.; thence running north on section lines to the center of the Main Channel of Kings River where the same crosses the west line of Section 3 in Township 14 South, Range 23 East, M. D. B. & M.; thence running up and along said channel to the place of beginning.

Division Two shall comprise all that territory of the district included within the following described boundaries:

Beginning at the center of Section 7, Township 14 South, Range 23 East, M. D. B. & M.; thence east one-half mile more or less to the bluff of Kings River bottom; thence northeasterly along the bluff of said Kings River bottom through Sections 8, 5 and 4 to a point where the county road runs along said bluff on the north side of said section 4; thence into Township 13 South, Range 23 East, M. D. B. & M., northeasterly along the center line of said county road through Section 33, and 34 to a point 100 feet southerly from the outside foot of the southerly bank of the Fresno Canal along that portion known as the "Long Cut"; thence parallel with the said foot of bank 100 feet

distant therefrom in a general northeasterly direction to the intersection with a line 100 feet southerly from and parallel with the southerly-most parts of the diverting dam across Kings River near the headgate of the said Fresno Canal in the NW $\frac{1}{4}$ of Sec. 35, Township 13 South, Range 23 East, M. D. B. & M.; thence easterly to the center of the Main Channel Kings River; thence running downstream along the said center of the Main Channel of Kings River to west line of Section 3, Township 14 South, Range 23 East, M. D. B. & M.; thence south along section lines to the intersection of the west side of the northwest quarter of Section 10, Township 15 South, Range 23 East, M. D. B. & M., and the said center of the Main Channel of Kings River; thence running downstream along said center line of Main Channel of Kings River to the intersection of a line along left bank of Peoples Ditch produced, and the center line of Kings River; thence southwesterly along said center line of Main Channel of Kings River to Old River Channel; thence along center line of Old River Channel through Sections 1, 12, 13, 14, 15, 22, 21, 20, 29 and 30 in Township 17 South, Range 22 East, M. D. B. & M.; thence into Township 17 South, Range 21 East through Sections 25 and 26 to the intersection with the center line of the main Kings River in the vicinity of the northeast corner of Section 27, Township 17 South, Range 21 East, M. D. B. & M.; thence northerly and easterly along the center line of said Kings River through Section 23 to its intersection with the north bank of a branch of Kings River known as Cole Slough; thence northeasterly along said north bank through said Section 23 and Section 13 of the last above named township and range; thence into Township 17 South, Range 22 East, M. D. B. & M., through Sections 18, 17 to a point on the west line of Section 16; thence north along section lines to the northwest corner of Section 4; thence west along section lines to the southwest corner of Section 36, Township 16 South, Range 21 East, M. D. B. & M.; thence north along section lines to the northwest corner of said Section 36; thence west along section lines to the southwest corner of Section 27; thence north along section lines to the northwest corner of said Section 27; thence west along section lines to the southwest corner of Section 19 of the last named township and range; thence into Township 16 South, Range 20 East, M. D. B. & M. west to southwest corner Section 24; thence south to the southeast corner of Section 26; thence west along section lines to the southwest corner of Section 28; thence north along section lines to the northwest corner of said Section 28, thence west along section lines to the southwest corner of Section 19 of the last named township and range; thence into Township 16 South, Range 19 East, M. D. B. & M. west to the southwest corner of Section 23; thence north along section lines to the northwest corner of Section 14; thence east along section lines to

the northeast corner of said Section 14; thence north along section lines to the northwest corner of Section 1 of the last named township and range; thence into Township 15 South, Range 19 East, M. D. B. & M. north to the west quarter corner of Section 24; thence east along the east-west center line of said Section 24 to the east quarter corner of said Section 24; thence north one and one-half miles along section lines to the northeast corner of Section 13 of last named township; thence into Township 15 South, Range 20 East, M. D. B. & M., east 3 miles along section lines to the southeast corner of Section 9; thence south one mile to the southwest corner of Section 15; thence east 3 miles to the southeast corner of Section 13; thence into Township 15 South, Range 21 East, M. D. B. & M., north two miles to the southwest corner of Section 6; thence east one and seven-eighths miles more or less to easterly boundary of right of way of the Southern Pacific Railroad; thence southeasterly along the said easterly right of way line of the Southern Pacific Railroad to the east and west center line of Section 9; thence east to the southwest corner of the southeast quarter of the northeast quarter of said Section 9; thence north one-quarter mile; thence east one-quarter mile; thence north one-quarter mile to the northeast corner of Section 9; thence east one-half mile to the south quarter corner of Section 3; thence north one-half mile to the center of Section 3; thence west three-eighths of a mile; thence north one-quarter of a mile; thence east one-eighth of a mile; thence north one-eighth of a mile; thence west one-eighth of a mile; thence north one-eighth of a mile; thence east three-eighths of a mile to the north quarter corner of said Section 3; thence into Township 14 South, Range 21 East, M. D. B. & M., north two miles to the north quarter corner of Section 27; thence east along the north line of said Section 27 to the intersection with the east bank of Briggs Ditch; thence northeasterly along said bank of Briggs Ditch to the center line running east and west of Section 22; thence east along said line and into Section 23 three-quarters of a mile; thence north three-quarters of a mile; thence east one-quarter of a mile to east line of Section 14; thence east three-quarters of a mile; thence north one-quarter of a mile; thence east one-quarter of a mile to the east quarter corner of Section 13; thence into Township 14 South, Range 22 East, M. D. B. & M., east one mile to the east quarter corner of Section 18; thence north one-half mile to northeast corner of said Section 18; thence east along the south line of Sections 8, 9 and 10 to the south quarter corner of Section 10; thence north one-quarter mile; thence east one-half mile; thence north one-quarter mile; thence east three-quarters of a mile, more or less, to the easterly bank of the Fowler Switch Canal; thence northeasterly along said easterly bank of Fowler Switch Canal one mile, more or less, to its intersection with the north boundary

line of Section 12; thence east to the north quarter corner of Section 12; thence south one-half mile to the center of Section 12; thence east one-half mile to the east quarter corner of Section 12; thence into Township 14 South, Range 23 East, M. D. B. & M., east one-half mile more or less, along the east-west center line to the point of beginning.

Division Three shall comprise all that territory of the district included within the following described boundaries:

Commencing at the point of intersection of the outside foot of the north bank of the Gould Canal and the center of the County Road in Section 26, Township 13 South, Range 23 East, M. D. B. & M., thence along said foot of bank northwesterly through said Section 26; thence southwesterly through Section 27 to the intersection with the Enterprise Canal; thence following the outside foot of the northerly or easterly bank of said Enterprise Canal, in a general northwesterly direction through Sections 27, 28, 33, 32, 31, 30, 29, 20, 19 and 18 of said Township, Sections 13, 14, 15, 10, 9, 16, 17, 8 and 7 of Township 13 South, Range 22 East, M. D. B. & M., Sections 12, 1 and 2 of Township 13 South, Range 21 East, M. D. B. & M. and Sections 35, 34, 27 and 28 of Township 12 South, Range 21 East, M. D. B. & M., to the west line of Section 28 of last named township; thence leaving foot of said bank north along section lines about five-eighths of a mile to the east $\frac{1}{4}$ corner of Section 20; thence west $\frac{1}{2}$ mile to the center of Section 20; thence north one-half mile to the north quarter corner of Section 20; thence west along the north line of Section 20 to the intersection with the outside foot of the northerly or easterly bank of the said Enterprise Canal; thence following said foot of bank of canal, in a general westerly direction through Sections 17 and 18 of Township 12 South, Range 21 East, M. D. B. & M. and Sections 13 and 24 of Township 12 South, Range 20 East, M. D. B. & M., to the east and west center line of Section 24 of the last named township; thence leaving said foot of bank of canal, west to the center of Section 23 of last named township; thence south one-half mile to the south quarter of said Section 23; thence west along section lines about one and three-eighths miles to the easterly line of Blackstone Avenue; thence southwesterly along the easterly line of Blackstone Avenue to the east and west center line of Section 28 of the last named township; thence west along half section lines to the top of the easterly bluff of the San Joaquin River; thence following down the top of said bluff in a general westerly direction through Sections 29, 32, and 31 of the last named township, Sections 36, 35, 34, 33, 32 and 31 of Township 12 South, Range 19 East, M. D. B. & M., Section 6 of Township 13 South, Range 19 East, M. D. B. & M., to the west line of said Section 6; thence north along the west line of said Section 6 to the intersection with the south bank of the San Joaquin River; thence following down the said bank,

in a general westerly direction through Sections 1 and 2 of Township 13 South, Range 18 East, M. D. B. & M., Sections 35 and 34 of Township 12 South, Range 18 East, M. D. B. & M., Sections 3, 4, 9, 8 and 7 of Township 13 South, Range 18 East, M. D. B. & M., Sections 12, 1, 2, 11 and 10 of Township 13 South, Range 17 East, M. D. B. & M. to the west line of Section 10 of the last named township; thence south along section lines to the southwest corner of Section 15; thence west along section lines to the northwest corner of Section 20; thence south along section lines to the southeast corner of Section 31; thence into Township 14 South, Range 17 East, M. D. B. & M., east two miles to the northwest corner of Section 3; thence south two miles to the southwest corner of Section 10; thence east one mile to the northwest corner of Section 14; thence south one mile to the southwest corner of said Section 14; thence east one mile to the northwest corner of Section 24; thence south one mile to the southwest corner of said Section 24; thence east one mile to the northeast corner of Section 25; thence south two miles to the southeast corner of Section 36; thence east along township lines nine miles to the northwest corner of Section 3 of Township 15 South, Range 19 East, M. D. B. & M.; thence in said township south three miles to the southwest corner of Section 15; thence east one mile to the southeast corner of said Section 15; thence south one-half mile to the west quarter corner of Section 23; thence east two miles to the east quarter corner of Section 24; thence north one and one-half miles along section lines to the northeast corner of Section 13 of last named township; thence into Township 15 South, Range 20 East, M. D. B. & M., east 3 miles along section lines to the southeast corner of Section 9; thence south one mile to the southwest corner of Section 15; thence east 3 miles to the southeast corner of Section 13; thence into Township 15 South, Range 21 East, M. D. B. & M., north two miles to the southwest corner of Section 6; thence east one and seven-eighths miles more or less to easterly boundary of right of way of the Southern Pacific Railroad; thence southeasterly along the said easterly right of way line of the Southern Pacific Railroad to the east and west center line of Section 9; thence east to the southwest corner of the southeast quarter of the northeast quarter of said Section 9; thence north one-quarter mile; thence east one-quarter mile; thence north one-quarter mile to the northeast corner of Section 9; thence east one-half mile to the south quarter corner of Section 3; thence north one-half mile to the center of Section 3; thence west three-eighths of a mile; thence north one-quarter of a mile; thence east one-eighth of a mile; thence north one-eighth of a mile; thence west one-eighth of a mile; thence north one-eighth of a mile; thence east three-eighths of a mile to the north quarter corner of said Section 3; thence into Township 14 South, Range 21 East, M. D. B. & M., north two

miles to the north quarter corner of Section 27; thence east along the north line of said Section 27 to the intersection with the east bank of Briggs Ditch; thence northeasterly along said bank of Briggs Ditch to the center line running east and west of Section 22; thence east along said line and into Section 23 three-quarters of a mile; thence north three-quarters of a mile; thence east one-quarter of a mile to east line of Section 14; thence east three-quarters of a mile; thence north one-quarter of a mile; thence east one-quarter of a mile to the east quarter corner of Section 13; thence into Township 14 South, Range 22 East, M. D. B. & M.; east one mile to the east quarter corner of Section 18; thence north one-half mile to northeast corner of said Section 18; thence east along the south line of Sections 8, 9 and 10 to the south quarter corner of Section 10; thence north one-quarter mile; thence east one-half mile; thence north one-quarter mile; thence east three-quarters of a mile, more or less, to the easterly bank of the Fowler Switch Canal; thence northeasterly along said easterly bank of Fowler Switch Canal one mile, more or less, to its intersection with the north boundary line of Section 12; thence east to the north quarter corner of Section 12; thence south one-half mile to the center of Section 12; thence east one-half mile to the east quarter corner of Section 12; thence into Township 14 South, Range 23 East, M. D. B. & M., east one mile more or less, through the center of Section 7 to the bluff of Kings River bottom; thence northeasterly along the bluff of said Kings River bottom through Sections 8, 5 and 4 to a point where the county road runs along said bluff on the north side of said Section 4; thence into Township 13 South, Range 23 East, M. D. B. & M., northeasterly along the center line of said county road through Sections 33, and 34 to a point 100 feet southerly from the outside foot of the southerly bank of the Fresno Canal along that portion known as the "Long Cut," thence parallel with the said foot of bank 100 feet distant therefrom in a general northeasterly direction to the intersection with a line 100 feet southerly from and parallel with the southerly-most parts of the diverting dam across Kings River near the headgate of the said Fresno Canal in the NW $\frac{1}{4}$ of Section 35, Township 13 South, Range 23 East, M. D. B. & M.; thence easterly across Kings River along said line to the intersection with a line 100 feet easterly from and parallel with the east side of said dam; thence northerly along said line to the intersection with a line 300 feet distant from and parallel with the northerly-most parts of said dam; thence westerly along said line to the center of the Main Channel of the Kings River; thence northeasterly along the said center of the Main Channel of the Kings River to the junction of the West and East Channels of the Kings River; thence northeasterly along the center of the said East Channel of the Kings River to the point at which the Main Channel of the

Kings River divides into the East and West Channels of the Kings River in the southeast quarter of the northeast quarter of Section 24, Township 13 South, Range 23 East, M. D. B. & M.; thence southwesterly along the center of the said West Channel to the point of intersection of the center of the said West Channel of the Kings River with a line 200 feet northerly of and parallel to the northerly-most part of the diverting dam across the said West Channel of the Kings River near the headgate of the said Gould Canal; thence westerly along said parallel line to the point of intersection of the last above described parallel line with a line 100 feet northwesterly from and parallel with the outside foot of the northwesterly bank of the said Gould Canal; thence parallel with said foot of bank and 100 feet distant therefrom in a general southwesterly direction to the intersection with the center of the county road; thence southwesterly about 130 feet to the point of beginning.

Division Four shall comprise all that territory of the district included within the following described boundaries:

Commencing at the headgate at the intake to the Liberty Canal in that certain branch of the Kings River known as the Cole Slough in Section 22, Township 17 South, Range 21 East, M. D. B. & M.; thence running along the northerly bank of said Liberty Canal through Sections 22, 15, 16, 17, 8 and 7, all in Township 17 South, Range 21 East, M. D. B. & M.; thence through Sections 12, 11, 2 and 3, all in Township 17 South, Range 20 East, M. D. B. & M.; thence through Sections 34, 33, 32 and 31 all in Township 16 South, Range 20 East, M. D. B. & M.; thence through Sections 36, 25, 26, 27, 28, 33, 32, 31 and 30, Township 16 South, Range 19 East, M. D. B. & M.; thence into Township 16 South, Range 18 East, M. D. B. & M. through Section 25 to a point on the westerly line thereof; thence northerly along said line to the southeast corner of Section 23; thence westerly one mile to southeast corner of Section 22; thence northerly one mile to the northeast corner of said Section 22; thence westerly one mile to the southeast corner of Section 16; thence northerly one mile to the northeast corner of said Section 16; thence westerly two miles to the southeast corner of Section 7; thence northerly one mile to the northeast corner of said Section 7; thence westerly one mile to the northwest corner of Section 7 of the last named township and range; thence into Township 16 South, Range 17 East, M. D. B. & M. to the southeast corner of Section 1; thence on a diagonal line to the northwest corner of said Section 1; thence on a diagonal line to the southwest corner of Section 2; thence north 46 deg. 28 min. east along the center line of McMullen Grade 1479 feet; thence north 22 deg. 49 min. west on a line parallel to and 45 feet southwest-erly of the surveyed line of Levee No. 1, 2048.44 feet to the point of beginning of a curve to the left, having a radius of 5684.61

feet; thence northwesterly along said curve 1577.51 feet to the end of said curve; thence N. 38 deg. 43 min. W. on a line tangent to the aforesaid curve 34,642.68 feet to the point of beginning of a curve to the left, having a radius of 11,414.2 feet; thence northwesterly along said curve 2347.44 feet to the end of said curve; thence N. 50 deg. 30 min. W. on a line tangent to aforesaid curve 17,956.29 feet to the point of beginning of a curve to the left having a radius of 5684.61 feet; thence westerly along said curve 5412.16 feet to the end of said curve; thence S. 74 deg. 53½ min. W. on a line tangent to aforesaid curve 5,209.13 feet to a point in the east line of the right of way of the Hanford and Summit Lake Railway; thence S. 0 deg. 18½ min. W. along said east line of said right of way 890.81 feet; thence S. 31 deg. 05½ min. E. along the west line of Reclamation District No. 1606, 1323.23 feet to the point of beginning of a curve to the left, having a radius of 2864.83 feet; thence southeasterly along said curve 2050 feet to the point of beginning of a curve to the right, having a radius of 5729.61 feet; thence southeasterly along said curve 2516.66 feet to the end of said curve; thence S. 46 deg. 55 min. E. on a line tangent to said curve 1477.72 feet to the point of beginning of a curve to the right, having a radius of 5729.61 feet; thence southeasterly along said curve 3146.67 feet to the end of said curve; thence S. 15 deg. 27 min. E. on a line tangent to said curve 10,360.68 feet; thence S. 15 deg. 26½ min. E. 5499.37 feet to a point in the south line of Section 15, T. 15 S., R. 16 E., M. D. B. & M., distant 4482.75 feet westerly from the southeast corner thereof; thence S. 88 deg. 39½ min. W. 735.25 feet crossing Fresno Slough along said south line of Section 15 to a point on the said south line of Section 15, 216.0 feet east of the southwest corner of said Section 15; thence N. 16 deg. 40 min. W. 1390.8 feet; thence N. 16 deg. 45 min. W. 1391.6 feet; thence N. 15 deg. 43 min. W. 701.4 feet; thence N. 15 deg. 21 min. E. 136.0 feet; thence N. 16 deg. 30 min. W. 814.0 feet; thence N. 17 deg. 03 min. W. 1123.5 feet, to a point on the north line of Section 16, T. 15 S., R. 16 E., M. D. SEC. 4. The legislature hereby finds and determines that the territory comprising said district and the lands thereof will be benefited by the formation of said district; that the water problems in the district require the formation of the district; that these problems are not general or statewide; that many owners of rights to the waters of the Kings River and its tributaries, including irrigation districts, reclamation districts, mutual water companies and other public and private corporations and individual owners have entered into agreements for the distribution of waters from said river and its tributaries and that the distribution of such waters to a considerable extent is made in accordance with such agreements; that the effective distribution and conservation of such waters may be aided by the acquisition of storage space in the Pine Flat Reservoir created by the Pine Flat Dam now being constructed by the United States of America; that matters affecting the distribution, use and storage of the waters of the Kings River and its tributaries, the future conservation and use thereof and the protection, drainage and reclamation of lands within the district can be most appropriately handled by the district herein provided for, and it is necessary to have a political entity embracing

the areas having rights to said waters created in order to protect such rights and to meet the various problems affecting such water supply, including those hereinabove set forth.

Investigation having shown that conditions in the area comprising said district to be peculiar to it, it is hereby declared that a general law cannot be made applicable to said district and that the enactment of this special law is necessary for the conservation, development, control, distribution and use of said waters of the Kings River and its tributaries and power developed thereby for the public good, for the protection, drainage and reclamation of lands within the district, for the protection and preservation of rights to water therein and for the purpose of meeting the various problems affecting such water supply, including those hereinabove set forth.

SEC. 5. As used in this act the following words shall have the following meanings unless by the context otherwise indicated, and the definition of a word applies to any of its variants:

- (a) "District" means Kings River Conservation District.
- (b) "Board" means the board of directors of the district.
- (c) "President" means the president of the board.
- (d) "Secretary" means the secretary of the board.
- (e) "General district election" means the election required to be held in the district on the second Tuesday in April in every even-numbered year.
- (f) "Special district election" means any district election other than a general district election.
- (g) "Elector," "voter," and "precinct board" have, respectively, the same meanings as in the Elections Code, but an elector or voter shall also be a resident of the district and, when required, of a division thereof.
- (h) "Property" embraces all real and personal property.
- (i) "Works" includes conduits, canals, embankments, dams, reservoirs, wells, pumps, tunnels, power houses, power generating equipment, power lines, and other appliances and other facilities useful in the control, conservation, drainage, diversion and transmission of waters and in the generation, control and transmission of electrical power, and all land, property, franchises, easements, rights of way and privileges necessary or useful to maintain any of the foregoing.
- (j) "Conduits" includes canals, laterals, ditches, flumes, pipes and their appurtenances.
- (k) "Operate" includes use, maintenance and repair.
- (l) "Street" includes road, alley, avenue, highway and public way.
- (m) "United States" includes the United States of America and all bureaus, commissions, divisions, departments, boards, agencies and officers of the United States of America.

(n) "State of California" includes the State of California and all bureaus, commissions, divisions, departments, agencies and officers of the State of California.

SEC. 6. Kings River Conservation District is hereby declared to be and is a body politic and corporate and as such shall have, among others, the powers enumerated in this act and such other powers as the law may provide.

SEC. 7. The use of all water and electrical energy required for the purposes of the district, together with all property for carrying out the purposes and business of the district, is a public use, and the district is a public agency of the State of California to carry out this public use.

SEC. 8. The powers of the district shall, except as otherwise provided, be exercised by a board of seven directors, six of whom shall be elected by divisions and one shall be elected at large by the entire district; provided, however, that the first directors shall be appointed as herein provided.

SEC. 9. Within 30 days after the effective date of this act the Governor shall appoint seven directors to serve as such until the first general district election, each of whom must be an elector, landowner, and resident of the district. At least one director shall be appointed from each division and be a resident, landowner, and elector thereof. Within 30 days after such appointment, the first directors, and thereafter within 30 days after each general district election, the directors shall meet and organize as a board.

SEC. 10. The board shall choose from its members a president and a vice president, who shall act as president during his absence or inability to act, and provide for the time and place of holding meetings and the manner in which its special meetings may be called. All legislative sessions of the board, whether regular or special, shall be open to the public. A majority of the board shall constitute a quorum for the transaction of business. The board shall also establish rules for its proceedings.

SEC. 11. The board shall act only by ordinance, resolution or motion, and, except where action shall be taken by the unanimous vote of all directors present and voting, the ayes and noes taken upon the passage of all ordinances, resolutions and motions shall be entered upon the minutes of the board. No ordinance, resolution or motion shall be passed or become effective without the affirmative vote of at least a majority of the members of the board. The enacting clause of all ordinances passed by the board shall be in these words: "Be it ordained by the Board of Directors of Kings River Conservation District as follows: ". All ordinances shall be signed by the president and attested by the secretary.

Each director shall receive the sum of twenty dollars (\$20) for each meeting of the board attended by him, not

exceeding five meetings in any calendar month, and such additional compensation as shall be fixed and allowed by the board for his services while otherwise employed by the authority of the board in the business of the district. He shall also be allowed, with the approval of the board, all traveling and other expenses reasonably incurred by him in such employment.

SEC. 12. The board shall, at its first meeting or as soon thereafter as practicable, appoint a general manager, a secretary, and an auditor. No director shall be eligible to the office of general manager, secretary or auditor. The general manager, secretary and auditor shall receive such compensation as the board shall determine, and each shall serve at the pleasure of the board. The same person may be appointed as general manager and secretary or as secretary and auditor. The board may at any time also appoint an assistant secretary and appoint or employ and prescribe the authorities and duties of such other officers and employees, attorneys and engineers as may be necessary or convenient for the business of the district, each of whom shall serve at the pleasure of the board. The general manager, secretary, auditor and other employees and assistants of the district who may be required to do so by the board shall each give such bond to the district conditioned for the faithful performance of his duties as the board may provide. Any member of the board and the secretary may administer oaths when necessary in the performance of his official duties.

SEC. 13. The president or vice president shall sign, and the secretary or assistant secretary shall countersign, all deeds and instruments in writing which have been first approved or authorized by the board, unless the board directs some other officer or officers to execute the same. The president, vice president, secretary and assistant secretary shall perform such other duties as may be imposed by the board. The general manager, subject to the control and approval of the board, shall have full charge and control of the maintenance, operation and construction of the works and property of the district and shall have full power and authority to employ and discharge all employees and assistants, prescribe their duties and fix and alter their compensation. He shall perform such other duties as may be imposed by the board and report to the board in accordance with such rules and regulations as it may adopt. The auditor shall install and maintain a system of auditing and accounting that shall completely and at all times show the financial condition of the district. He shall draw warrants, which must be countersigned by the president or vice president, to pay demands made against the district when such demands have been approved or authorized by the board. The board shall also designate a depository or depositories to have custody of the funds of the district, all of which depositories shall give

security sufficient to secure the district against possible loss and who shall pay the warrants drawn by the auditor for demands against the district under such rules as the directors may prescribe.

SEC. 14. No director shall be liable for any act or omission of any appointee or employee appointed or employed by him in his official capacity, whether such employment or appointment was made singly or in conjunction with other members of the board, and no officer, agent or employee of the district shall be liable for any act or omission of any agent or employee appointed or employed by him except when the director or the officer or agent making such appointment or employment knew or had actual notice that the person appointed or employed was inefficient or incompetent to perform or render the services for which he was appointed or employed, or shall retain such inefficient or incompetent person after knowledge or notice of such inefficiency or incompetency.

SEC. 15. Whenever it is claimed that any property has been taken, injured, damaged or destroyed as a result of any dangerous or defective condition of any property, equipment or facilities owned, operated or controlled by the district or its directors, officers, agents or employees or by any act or omission of any director, officer, agent or employee of the district, a verified claim for damages shall be presented in writing and filed with such director, officer, agent or employee and with the secretary of the board within 90 days after such accident, injury, taking, damage, or destruction has occurred. Whenever it is claimed that any person has been injured or damaged as a result of any dangerous or defective condition of any property, equipment or facilities owned, operated or controlled by the district or its directors, officers, agents or employees or by any act or omission of any director, officer, agent or employee of the district, a verified claim for damages shall be presented in writing and filed with such director, officer, agent or employee and with the secretary of the board within 180 days after such injury or damage has occurred. Each claim filed for the purpose of complying with this section shall specify the name and address of the claimant, the date and place of the accident, injury, taking, damage, or destruction, and the nature and extent of the injury or damage claimed. The foregoing shall be a condition precedent to the filing or maintaining of any action for such injury or damage. The district may employ counsel to defend any action brought against it or any of its directors, officers, agents or employees on account of any such injury, taking, damage, or destruction, and the fees and expenses involved therein shall be a lawful charge against the district.

SEC. 16. Nothing contained in Sections 14 and 15 shall be considered as creating any liability or responsibility unless the same would have existed without the enactment of said sections, nor shall the provisions of said sections or either or any of them be deemed to amend, modify or repeal the provisions of Chapter 6, Division 4, Title 1 of the Government Code.

SEC. 17. If a director, officer, agent, or employee of the district shall be held liable for any act or omission in his official capacity, except in case of actual fraud or actual malice, and any judgment shall be rendered thereon, the district shall pay such judgment without obligation for repayment thereof by such director, officer, agent, or employee.

SEC. 18. No director shall in any manner be interested directly or indirectly in any contract awarded or to be awarded by the board or in the profits to be derived therefrom, and for any violation of this provision such party shall be guilty of a misdemeanor, and upon conviction thereof he shall be punished by a fine not exceeding five hundred dollars (\$500) or by imprisonment in a county jail not exceeding six months, or by both such fine and imprisonment, and such conviction shall by operation of law work a forfeiture of his office; provided, that this section shall not be construed to apply to any contract made with a corporation for the general benefit of such corporation where such director is a minority stockholder therein.

SEC. 19. Within 30 days after the organization of the board appointed by the Governor, it shall by resolution provide for the holding of a special district election for the purpose of submitting to the voters the question of whether the organization of the district as provided herein shall be ratified and confirmed, and shall fix a date upon which such special district election shall be held, which date shall be not less than 30 nor more than 40 days after the adoption of such resolution. Such special district election shall be called and held in accordance with the provisions of Section 24 hereof insofar as the same may be applicable, but in addition to the matters and things required to be set forth in the proclamation therein provided for, such proclamation shall likewise set forth the proposition to be submitted to the voters. The proposition shall be submitted in substantially the following form: "Shall the organization of Kings River Conservation District as provided in the act adopted by the Legislature at its last regular session, known as Kings River Conservation District Act, be ratified and confirmed?" Opposite shall be the word "Yes" followed by a square wherein to mark the cross, and also opposite shall be the word "No" followed by a square wherein to mark the cross. The returns of the election shall be made to and the votes canvassed by the board on the first Tuesday which is six or more days after the election,

and the results of the election shall be ascertained and declared in accordance with the provisions of Section 24 hereof. If such proposition is approved by a majority of the voters voting thereon at such election, the president and secretary of the board shall file, or cause to be filed, with the Secretary of State, and shall record, or cause to be recorded in the office of the county recorder of each county within which any portion of the district lies, a certificate stating the result of such election, the formation of the district under the provisions thereof, and its boundaries. Upon receipt of the certificate, the Secretary of State shall, within 10 days, issue his certificate reciting that the district has been duly incorporated. A copy of this certificate shall be transmitted to and filed with the county clerk of each county within which any portion of the district lies.

In the event a majority of the votes cast on the proposition are against the proposition, then the board appointed by the Governor shall wind up the affairs of the district and enter an order dissolving the same, as hereinafter provided, but shall not exercise any powers herein granted except to the extent required to wind up such affairs and dissolve the district, nor shall any general or special district elections be called or held. The board shall dispose of and sell any property belonging to the district and shall, pursuant to Sections 37, 38, and 39, cause a tax to be levied sufficient to pay the expenses and claims against the district, including the estimated cost and expense of winding up the affairs of the district. When all the obligations of the district have been paid, the board by resolution shall so declare and shall also declare that the district is dissolved, and thereupon the district shall be deemed duly and regularly dissolved. Any funds remaining on hand at the time of the dissolution shall be paid by the board into the general funds of each county in which any portion of the district lies in the proportion that the assessed valuation of lands within the district within each county bears to the total assessed valuation of the lands within the district. Any delinquent taxes from any levy made by the board and not collected prior to the dissolution of the district shall be retained by the county collecting the same and paid into its general funds.

SEC. 20. In the event the formation of the district is ratified and confirmed at the election, as soon thereafter as practicable and at least three months prior to the first general election the secretary shall file with the county recorder of each county within which any portion of the district lies a description of the boundaries of the divisions of the district, designating each by its number as provided in Section 3 hereof, together with a plat or map showing the boundaries of such divisions.

SEC. 21. Whenever any land is added to the district, the board, by ordinance, shall include it or any part thereof in

such division or divisions as the board may determine, giving consideration to the location thereof and the interests of its inhabitants with respect to power and water and the sources of water supply therein; and the board shall relocate the boundary lines of the division or divisions to which such territory is added accordingly. Whenever any territory is excluded from the district, the board, by ordinance, shall relocate the boundary lines of the division or divisions within which such territory lies so as to exclude it from such division or divisions. No such change in a division or divisions may be made within three months immediately preceding a general election, nor shall such change work a forfeiture of office of any director. A certified copy of such ordinance, together with a map or plat showing the boundaries of such division or divisions as relocated thereby shall be filed with the county recorder of each county within which any portion of the district lies.

SEC. 22. The board appointed by the Governor shall also, by lot, divide the divisions into two groups, the first group to consist of three divisions and the second group to consist of three divisions. Each director elected at the first general district election from the divisions in the first group and the director elected at large from the entire district shall serve four years or until the election and qualification of his successor, and each director elected from divisions constituting the second group shall serve two years or until the election and qualification of his successor. The term of office of each director elected after the first general district election shall be four years or until the election and qualification of his successor.

SEC. 23. All vacancies occurring in the office of director shall be filled by appointment by the remaining directors, and if a person appointed or elected fails to qualify, the office shall be filled as if there were a vacancy in the office. An appointment to fill the vacancy in the office of director shall be for the unexpired term for the office in which the vacancy exists. Before entering upon the duties of his office, each director shall take and subscribe the official oath and file it with the secretary. The oath of office may be taken before the secretary, any member of the board or any officer authorized by law to administer oaths.

SEC. 24. Except as herein otherwise provided, the provisions of the Elections Code relating to the qualifications of voters, the manner of voting, the duties of election officers, the canvassing of returns and all other particulars with respect to the management of general elections so far as may be applicable shall govern all district elections; provided, however, that to the extent that the provisions of the Elections Code pertaining to the conduct of local elections are inconsistent with the provisions of that code pertaining to general elections, the

provisions of the Elections Code pertaining to local elections shall control. The election of directors shall be held on the second Tuesday in April in even-numbered years, and each director must be an elector, landowner and resident of the division by which he is elected, except the director elected at large who may be an elector, landowner and resident of any division. The mode of nomination and election of all directors to be voted for at any general district election shall be as follows:

(1) A candidate or five voters may appoint verification deputies to secure the signatures to nominations. The appointment of verification deputies shall be in writing and filed with the secretary at or before the time the certificate of nomination is left with him for filing or for examination and shall be in substantially the following form:

FORM OF APPOINTMENT

The undersigned hereby appoint_____ the following voters of Kings River Conservation District as verification deputies to obtain signatures to a certificate of nomination nominating _____ as a candidate for the office of director of said district at an election to be held in said district on the _____ day of _____, 19____.

Verification Deputy's Affidavit

STATE OF CALIFORNIA }
 COUNTY OF _____ } ss.

I, _____, solemnly swear that I have been appointed according to the provisions of the Kings River Conservation District Act as a verification deputy to secure signatures to a certificate of nomination of _____ as a candidate for election to the office of director of Kings River Conservation District; that all the signatures on this section of the certificate were made in my presence and that to my knowledge and belief each of the signatures is a genuine signature of the person whose name it purports to be.

 Verification Deputy

Subscribed and sworn to before me
 this _____ day of _____, 19____.

 Notary Public (or other officer)

The certificate of nomination of which this section forms a part shall, if found insufficient, be returned to the verification deputy at _____ (address), California.

(3) The secretary shall furnish upon application a reasonable number of forms of the certificate of nomination and the form of appointment. All certificates of nomination shall be of uniform size as determined by the secretary.

(4) No person shall at the time of the signing of the certificate of nomination have his name signed to any other certificate nominating any other candidate for the same office.

(5) If a voter signs two or more conflicting certificates, all his signatures shall be rejected.

(6) Any signer of a certificate of nomination may withdraw his name from it by filing with the secretary a written

revocation of his signature before the certificate is filed by the secretary, and not otherwise. He may then sign a certificate for another candidate for the same office.

(7) The certificate of nomination may be presented to the secretary not earlier than 45 days nor later than 30 days before the election. He shall endorse on the certificate the date when it was presented to him and shall forthwith examine it and determine if it conforms to the provisions hereof. If the certificate does not conform to the provisions hereof, the secretary shall immediately designate in writing on it the defect, omission, or reason why it cannot be filed and return it to the person therein designated. The certificate may be amended and again presented to the secretary as in the first instance, and he shall forthwith examine it. If necessary, the board shall provide extra help to enable the secretary to perform satisfactorily and promptly the duties imposed by this section. If either the original or amended certificate of nomination is sufficiently signed, the secretary shall file it in his office 25 days before the date of election. After such filing the certificate shall not be withdrawn or added to. The secretary shall preserve in his office for a period of two years after the filing thereof all certificates of nomination filed under this section.

(8) Any person who has been nominated as a candidate may, not later than 30 days before the election, withdraw his name from nomination by filing with the secretary a written request for withdrawal, and his name shall not be printed upon the ballot.

(9) Immediately after the certificates of nomination are filed, the secretary shall enter the names of the candidates in a list with the offices to be filled and shall, not later than 20 days before the election, certify the list to the board as the list of candidates nominated. The board shall publish the list of names and the offices to be filled in a proclamation calling the election at least once a week for two successive weeks before the date of the election in one newspaper of general circulation printed and published in each county within which any portion of the district lies and designated by the board. The election proclamation shall conform to the provisions of the Elections Code governing the conduct of general elections applicable thereto except as otherwise provided in this section. The board shall designate therein the election officers, polling places, election precincts, the time during which the polls will be open, and may consolidate precincts. The description of precincts and consolidated precincts may be made by reference to the order or orders of the boards of supervisors of the several counties in which the district is situated establishing precincts or by reference to a previous order or ordinance of the district establishing precincts or by a detailed description of such precincts.

(10) The secretary shall provide all ballots and other supplies required for holding the election. All ballots printed shall be precisely the same size, quality, tint of paper, kind of type and color of ink so that without the number it would be impossible to distinguish one ballot from another, and the names of all candidates printed upon the ballot shall be in type of the same size and style. A column may be provided on the right-hand side of the ballot for questions permitted to be voted upon at general district elections. Ballots shall be provided for each of the divisions, and the names of the candidates to be elected from such division and at large shall be arranged in alphabetical order; and nothing on the ballot shall be indicative of the source of the candidacy or of the support of any candidate. The secretary shall cause the ballots to be printed, bound and numbered as provided in the Elections Code, except as otherwise required in this section, and the ballots furnished the precinct boards in each division shall bear only the names of candidates to be elected from such division and at large, which names shall be as published in the proclamation. The ballots shall be in substantially the following form:

“General (or Special) District Election Kings River
Conservation District

Held _____ 19__

Instructions to Voters: To vote, stamp or write a cross (+) opposite the name of the candidate for whom you desire to vote. All marks otherwise made are forbidden. All distinguishing marks are forbidden and make the ballot void. If you wrongly mark, tear, or deface this ballot, return it to the inspector of election and obtain another.”

The ballot shall also contain the following instructions: “For director from Division _____, vote for one”; and when applicable: “For director at large, vote for one”; and a half inch square shall be provided to the right of the name of each candidate wherein to mark the cross. A half-inch space shall be left below the printed names of candidates wherein the voter may write the name of any person for whom he wishes to vote.

(11) The secretary shall cause to be printed sample ballots identical with the ballots to be used at the election and shall furnish copies thereof to voters at his office at least five days before the election and shall mail one sample ballot for the respective divisions to each voter entitled to vote in such division at least three whole days before the election.

(12) The candidate receiving the highest number of votes cast in the division for the office of director therefrom shall be declared elected. The candidates for the office of director at large receiving the highest number of votes cast in the district shall be declared elected.

(13) The board shall meet as a canvassing board and canvass the returns and declare the results on the first Tuesday after any district election. The secretary shall immediately make and deliver to each person elected a certificate of election signed by the secretary and authenticated with the seal of the district. A candidate is not required to file a statement of expenditures used in aid of his campaign.

(14) No irregularity or informality in the conduct of a district election shall invalidate the election if fairly conducted.

(15) If on the twentieth day prior to a general district election one person only has been nominated for the position of director from any division and either no director at large is to be elected or one person only has been nominated for such office and a petition signed by 5 percent of the voters of such division or of the district as to the director at large, requesting that the election be held therein has not been filed with the secretary, the election shall not be held in such division or for the office of director at large. In such case the proclamation calling the election shall, instead of providing and calling an election in such division, state that no election is to be held therein, but that the board will appoint the persons nominated for the position of director at large and director from such division, and the board shall thereupon appoint such persons as directors, who shall qualify, take office and serve exactly as if elected at a general district election; provided, however, if matters other than the election of directors are submitted at such election, the election shall be held in such division with respect to such matters.

SEC. 25. Every incumbent in the office of director, whether elected by popular vote for a full term or appointed, may be recalled by the voters in accordance with the recall provisions of Chapter 2 of Division 13 of the Elections Code applicable to officers of counties.

SEC. 26. The district shall have the following powers, including those necessarily implied therefrom:

- (1) To have perpetual succession.
- (2) To sue and be sued except as otherwise provided herein or by law in all actions and proceedings in all courts and tribunals of competent jurisdiction.
- (3) To adopt a seal and alter it at pleasure.
- (4) To do any and every lawful act necessary to be done to furnish water and electrical energy in the district for any present or future beneficial use or uses, including, without

limiting the generality of the foregoing, irrigation, domestic, fire protection, municipal, power and other beneficial uses.

(5) To take by grant, purchase, gift, devise, lease, either with or without the privilege of purchase, or otherwise, and to hold, use, enjoy, and to lease and dispose of real and personal property of every kind within or without the district necessary to the full exercise of its powers.

(6) To construct, purchase, lease, or otherwise acquire water works and other works and machinery, canals, conduits, and reservoirs and to purchase, lease or otherwise acquire water rights, storage rights, storage sites, water sheds, lands, rights and privileges useful or necessary to convey, supply, store or otherwise make use of water for any purposes authorized by this act and to operate and maintain the same for the benefit of the district.

(7) To construct, purchase, lease or otherwise acquire works for the generation, transmission, distribution, sale and lease of electric power, including the sale and disposition thereof to municipalities, districts, corporations or persons and to do all necessary and proper acts for the construction and operation of such electric power works.

(8) To appropriate, acquire and conserve water and water rights for any useful purpose, and to store and conserve water for future use.

(9) To commence, maintain, intervene in and compromise in the name of the district and to assume the costs of any action or proceeding involving or affecting the ownership or use of water or water rights within the district used or useful for any purpose of the district; to commence, maintain, intervene in, defend and compromise actions and proceedings to prevent interference with or diminution of the natural flow of any stream or natural underground supply of waters used or useful for any purpose of the district or a common benefit to lands within the district or its inhabitants; and to commence, maintain and defend actions and proceedings to prevent any interference with such waters as may endanger the inhabitants or lands of the district or as may impair, damage or threaten the exercise of any right to waters belonging to the district or a common benefit to lands within the district or to its inhabitants.

(10) To sell water or the use thereof for any useful purposes and, when there is a surplus, to sell and otherwise dispose of the same to municipalities, public agencies or to consumers or users, including publicly and privately owned utilities, mutual water companies, corporations and persons without the boundaries of the district.

(11) To sell, dispose of and distribute electric power for any useful purpose, and, when there is a surplus, to sell or otherwise dispose of the same to consumers or users including

public and private corporations without the boundaries of the district.

(12) To acquire by condemnation and in the manner and to the extent now prescribed in Title 7, Part 3 of the Code of Civil Procedure, all property necessary or convenient for carrying out the purposes of this act except that the district shall not have power to acquire by condemnation any property held or used for the development, storage, or distribution of water for public use.

(13) To borrow money and incur indebtedness and to issue bonds or other evidences of indebtedness; also to refund and retire any indebtedness or lien that may exist against the district or the property thereof.

(14) To make contracts, employ labor and do all acts necessary for the full exercise of the powers of the district. The board may cause construction or other work to be performed or carried out by contract or by the district under its own superintendence.

(15) To sell or lease any lands belonging to the district for oil, gas, or other hydrocarbon substances or other minerals when deemed by the board to be in the best interest of the district, subject, however, to the provisions of Chapter 5, Part 2, Division 6, of the Public Resources Code.

(16) To cooperate, act in conjunction and contract with the United States, State of California, municipalities, public and private corporations of any kind and persons in the construction of any works for storing, conserving or distributing waters of the district or belonging to any inhabitant or owner of land or water rights therein or for the control of flood and storm waters, the draining or reclaiming of lands, the protection of property, water sheds, water courses, underground supplies, highways or life or for the purpose of conserving, storing, salvaging, recapturing, distributing, or transporting such waters for beneficial use or uses of the district or of the owners of rights to water therein, and for the use, operation, management and control of such works; to make and perform any agreement with the United States, the State of California, any public or private corporation of any kind and any person, or any of them, for the joint acquisition, disposition or operation of any property or works of a kind which might be acquired, disposed of or operated by the district.

(17) To cooperate and contract with the United States under the Federal Reclamation Act of June, 1902, and all acts amendatory thereof or supplementary thereto or any other act of Congress heretofore enacted authorizing or permitting such cooperation or contract for the purpose of construction of works, whether for irrigation, drainage, flood control or for the development of electric or other power, or for the acquisition, purchase,

extension, operation or maintenance of such works, or for a water supply, or for the assumption as principal or guarantor of indebtedness to the United States and to carry out and perform the terms of any contract so made, and for said purposes the district shall have all powers, rights and privileges possessed by irrigation districts and, except as herein otherwise provided, shall exercise such powers, rights and privileges in the same manner and subject to the same restrictions and limitations as irrigation districts, all as provided in Chapter 2 of Part 6 of Division 11 of the Water Code, as such provisions now exist; provided, however, that in any such contract made by the district and the United States, the land which may be charged with any taxes or assessments under such contract shall be designated and described, and the contract shall not include any lands which will not be benefited by the works or system contemplated under such contract, nor shall it impair, restrict, or provide for the control of any right in or to water or the use thereof without the consent of the owner of such right. Such contract may exempt from tax or assessment any land benefited by the works or system contemplated by such contract if such land, or any agency on its behalf, has paid to the district or to the United States its proper share of the construction costs of such works or system. Such contract may provide for the release of the land described therein, or any portion thereof, from any tax or assessment upon payment to the district or the United States of its proper share of the construction cost of such works or system. Nothing herein contained shall prevent the district, whether pursuant to any such contract or otherwise, from levying taxes or assessments for the cost of the operation and maintenance of any such works or system, subject, however, to the limitations provided in Section 37 of this act. The proceedings for voting at an election upon a proposal to enter into such contract with the United States shall be had, insofar as applicable, in the manner provided in the case of the issuance of district bonds; provided, however, that in the event the board shall determine that all liabilities of the district incurred under the provisions of such contract can be repaid and liquidated as to both principal and interest from revenues from the works or system contemplated under such contract and payments made to the district by public or private corporations or persons pursuant to written contracts providing for the payment of whatever amounts may be necessary to amortize the portion of said cost which may under said contracts be underwritten by such corporation or persons, then upon the adoption of such resolution the board shall have power on behalf of the district, without the necessity of an election, to enter into such repayment contracts with the United States, subject to all provisions of this act applicable to such contracts except provisions

requiring an election to authorize such contracts; provided further, however, no such contract shall charge any land with any tax or assessment for the payment of the cost of constructing the works or system contemplated in such contract. In the event that the revenues of the district from the works contemplated by any contract approved at an election shall be, or in the judgment of the board are likely to be, inadequate to pay all charges payable to the United States under such contract and all charges for construction, acquisition, operation and maintenance of the works acquired or constructed under such contract, a tax shall be levied for the payment of such charges on the land in the portion of the district designated and described in such contract as the territory to be charged therewith.

(18) To conserve and store water, including storm and flood waters, by means of any works authorized in this act and by spreading and sinking the same in any underground basin or basins or the gravels and detritus thereof by any means appropriate therefor, which storage and conservation, whether surface or underground, may be made by the district on its own behalf or on behalf of any owner of the right to the water so stored or conserved on such terms and conditions as may be fixed by the board and the owner; and the district or the owner in whose behalf it acted, when waters are so stored and conserved, may recapture and use the same for any beneficial purpose or use or may permit the recapture and use thereof by others under such terms and conditions as may be fixed by the board or by such owner and the board if conserved and stored on behalf of the owner; and the district may contract with others for the use of any property, conduits, canals, ditches, reservoirs or reservoir sites or dams or other facilities for the purpose of conserving, storing, spreading, or sinking, transporting or distributing such waters.

(19) To control flood and storm waters within the district and flood and storm waters of streams or watercourses outside of the district which flow into the district and conserve such waters by storage either surface or underground, to divert and transport such waters for beneficial uses within the district and otherwise to reduce the waste of water and protect life and property from floods within the district.

(20) To drain and reclaim lands within the district either by surface or underground works or both; and to divert, store, conserve, transport and dispose of water resulting from such operations for any beneficial use.

SEC. 27. The district shall have power to construct works along, under or across any road, street, alley, avenue or highway or across any stream of water, water course, railway, canal, ditch or flume which the route of said works may intersect or cross, but provided such works are constructed in such manner as to afford security for life and property, and the district

shall restore any such crossings and intersections to their former state as near as may be or in a manner not to have impaired unnecessarily their usefulness, and shall comply with all lawful rules and regulations of the owner or agency in charge thereof. Every person and corporation, either public or private, whose right of way shall be intersected or crossed by said works, shall unite with the district in forming said intersections and crossings and grant such rights therefor as may be agreed upon between them and the district. The right of way is hereby given, dedicated and set apart to locate, construct and maintain said works over and through any of the lands which are now or may be hereafter the property of the State of California, and the district shall have the same rights and privileges thereto appertaining as heretofore or as may be granted to municipalities within the State, except that where such land is already devoted to public use, any expense necessary to permit the joint use of such land shall be borne by the district.

SEC. 28. The board shall fix all water and power rates and all other charges for services or work done by the district and shall, through the general manager, collect the same. The board may establish suitable rules and regulations for the sale, distribution, and use of water and power and other services which may be rendered by the district and made therein and may provide that water, power or such services shall not be furnished to those against whom there are delinquent rates or charges.

The board may prescribe methods for the construction of works and the furnishing of materials, equipment and supplies and for the letting of contracts therefor; provided, however, that any such contract requiring the expenditure of ten thousand dollars (\$10,000), or more, shall be subject to competitive bidding, after advertisement therefor, and awarded to the lowest responsible bidder, except where the construction or work is to be done or performed by the district with its own forces upon force account.

SEC. 29. Whenever the board deems it necessary for the district to incur a bonded indebtedness, it shall by resolution so declare and state in said resolution the purpose for which the proposed debt is to be incurred and the amount thereof, and shall by said resolution fix a time and place for a hearing by the board on the question as to whether the whole district or only a portion thereof will be benefited by the accomplishment of said purpose, and if only a portion thereof will be so benefited, what portion thereof will be so benefited. Notice of such hearing shall thereupon be given by the secretary by publication of a copy of said resolution in one newspaper of general circulation, printed and published in each county within which any

portion of the district lies at least once a week for two weeks prior to the hearing. Said copy of said resolution so published shall be accompanied by a notice subscribed by the secretary to the effect that the hearing referred to in said resolution will be had at the time and place specified in said resolution and that at said time any person interested, including all persons owning property in said district will be heard upon the question stated in said resolution.

At the time and place fixed in said resolution for said hearing or at such time and place to which said hearing may be adjourned, the board may proceed with the hearing, and any person interested, including any and all persons owning property within the district, may appear and present any and all such matters material to the question as he may desire. Upon the conclusion of the hearing, the board shall by resolution determine whether the whole of the district will be benefited by the accomplishment of the purpose stated; and if it determines that the whole of the district will not be so benefited by the accomplishment of such purpose, it shall state what portion of the district will be so benefited; and that portion of the district so described shall thereupon constitute and be known as Improvement District No. — of Kings River Conservation District; and the proceedings thereafter, for the purpose of the bond election within said improvement district and for the purpose of taxation for the payment of said bonds and interest, shall be limited and apply only to said improvement district. The determination of the board on this question shall be final and conclusive.

If the board by such resolution determines that only a portion of the district will be benefited and creates an improvement district as hereinabove provided, it shall adjourn the hearing for not less than 40 nor more than 70 days. Within 10 days after such order of adjournment, the secretary shall publish once in one newspaper of general circulation, printed and published in each county within which any portion of the improvement district lies, a notice stating the time and place fixed for the adjourned hearing, and that at or prior to such hearing any person owning land in said improvement district may file written protest to the incurring of the proposed bonded indebtedness by such improvement district, and at the time and place fixed any person interested may appear and be heard on the question of whether such bonded indebtedness should be incurred by such improvement district. If at or prior to the adjourned hearing written objections to the incurring of the proposed bonded indebtedness by such improvement district, signed by the owners of the majority of the acreage of land within such improvement district are filed with the secretary,

then the board, by resolution adopted at the hearing, shall abandon proceedings for the proposed bond issue. The last equalized assessment roll of each county containing land within such improvement district is prima facie evidence of ownership of land in that county. If the proceedings are not abandoned as hereinabove provided, the board, if it deem it necessary to incur such bonded indebtedness, shall by a resolution so declare and state the purpose for which the proposed debt is to be incurred, whether or not the whole of the district is to be benefited thereby or only a portion thereof, and if only a portion thereof a description of such portion sufficient for identification and the designation thereof, all in accordance with the determination of the board as expressed in its previous resolution, the amount of the debt to be incurred, the maximum term the bonds to be issued shall run before maturity, which shall not exceed 40 years, and the amount or rate of interest to be paid, which shall not exceed 5 percent, payable annually or semiannually, and the proposition to be submitted to the voters of the district or of the improvement district, as the case may be.

The board shall fix a date upon which an election shall be held for the purpose of authorizing said bonded indebtedness to be incurred, and shall provide for the holding of such special election on the date so fixed. Such special election may be held concurrently with a general district election. Such special election shall be called and held in accordance with the provisions of Section 24 hereof insofar as the same may be applicable, but in addition to the matters and things required to be set forth in the proclamation therein provided for, such proclamation shall likewise contain a copy of the resolution declaring the necessity to incur such bonded indebtedness hereinabove referred to. The returns of the election shall be made to and the votes canvassed by the board on the first Tuesday which is six or more days after the election, and the results of the election shall be ascertained and declared in accordance with the provisions of Section 24 hereof. As soon as the result is declared, the secretary shall enter in the records of the board his statement of the result. No irregularity or informality in the conduct of the election shall invalidate the election if fairly conducted.

If from such returns it appears that more than two-thirds of the votes cast at such election were in favor of incurring the indebtedness, the board may by resolution at such time or times as it deems proper provide for the form and execution of such bonds and for the issuance of any part thereof and may sell or dispose of the bonds so issued at such times and in such manner as the board deems to be to the public interest.

SEC. 30. The board may by resolution submit to the voters of the district a measure to issue new bonds to refund any or all

of the district bonds outstanding or submit to the voters of any improvement district a measure to issue new bonds to refund any improvement district bonds outstanding, which measure may be voted on at any general or special district election, and the procedure upon such election shall be in accordance so far as is applicable with the procedure upon an original issue of bonds, except that no hearing need be held upon the question whether the bond issue will benefit the entire district or only a portion thereof, and the vote of a majority of the voters voting upon the measure shall be sufficient to authorize the issuance of refunding bonds. The refunding bonds shall not bear a higher rate of interest than the bonds to be refunded and may be issued and sold in the manner and form prescribed for an original issue of bonds. Refunding bonds may, if the holders of bonds of an original issue and the board so agree, be exchanged for original bonds. The face value of refunding bonds exchanged for original bonds shall not exceed the face value of original bonds. The board may raise money by water or power rates or taxes to pay principal and interest of the refunding bonds in the same manner as prescribed for the payment of bonds of an original issue.

SEC. 31. Any bonds, original or refunding, issued by the district, may be made callable by a resolution of the board adopted at or prior to the time of issuing such bonds, which may provide for the calling and redemption of such bonds in numerical order or by lot on any interest payment date prior to their fixed maturity at not exceeding the par value thereof and accrued interest or on such other terms as may be provided therein. If any such bonds are so made callable, a statement to that effect shall be set forth on the face of the bond. Notice of any such call or redemption shall be published in one newspaper of general circulation, printed and published in each county within which any portion of the district lies. The first publication of such notice shall not be less than 30 nor more than 90 days prior to the date fixed for such redemption. After the date fixed for such redemption, if the district shall have provided funds available for the payment of the principal and interest for the bonds so called, interest on such bonds shall thereafter cease.

SEC. 32. The Kings River Conservation District is hereby declared to be a district within the meaning of that term as used in Section 13 of Article XI and Section 1 $\frac{3}{4}$ of Article XIII of the Constitution of the State of California and Section 20003 of the Water Code.

Bonds of the district shall be legal investments for all trust funds and for the funds of all insurance companies, banks, both commercial and savings, trust companies, and for school funds. Whenever any money or funds may by law now or hereafter

enacted be invested in bonds of cities, cities and counties, counties, school districts, or municipalities in the State of California, such money or funds may be invested in bonds of the district, issued in accordance with the provisions of this act. Whenever bonds of cities, cities and counties, counties, school districts, or municipalities may by any law now or hereafter enacted be used as security for the performance of any act, the bonds of the district may be so used.

SEC. 33. The term "construction" or any of its variants when used in this section, unless the context otherwise requires, means and includes the physical construction, reconstruction, renewal, extension, or repair of works; also the acquisition or control of works or any right therein or thereto by purchase, lease, contract, or in or by any manner whereby any right, title or interest in or to property is capable of being acquired or transferred. For the purpose of providing money and funds to pay the cost and expense of the construction of any works authorized hereunder, the board may issue revenue bonds. The board, if it deems it necessary to issue such revenue bonds, shall by resolution so declare and state the purpose or purposes for which the revenue bonds are proposed to be issued, the principal amount of the bonds to be issued therefor, the maximum amount of interest to be paid on such bonds, which shall not exceed $5\frac{1}{2}$ percent, payable annually or semiannually, and the proposition to be submitted to the voters of the district, and said resolution shall also state that such bonds are to be revenue bonds, the principal and interest of which are payable only from the revenues from the use or operation of the works for the construction of which such bonds are to be issued and are not to be secured by the taxing power of the district. The board shall fix a date upon which an election shall be held for the purpose of authorizing the issuance of such revenue bonds. Notice of the election shall be given, the election held and the result determined substantially in the manner provided for the incurring of a bonded indebtedness as provided in Section 29 hereof. If from the returns it appears that more than two-thirds of the votes cast at such election were in favor of the issuance of such revenue bonds, the board may by resolution provide for the issuance thereof. Such bonds shall be issued in the name of the district and shall be designated as "Kings River Conservation District Revenue Bonds." In the resolution providing for the issuance of such bonds, the board may limit, restrict, and regulate the holding, deposit, investment and application of money consisting of the proceeds from the sale of the bonds or the revenue received from the operation of the works or project to be financed thereby, and such provisions shall constitute a contract with the holders of the bonds and be binding upon the district as long as the bonds are

outstanding; and while any bonds remain outstanding, the powers, duties or existence of the district or any official thereof shall not be diminished or impaired in any manner that will adversely affect the interest and rights of the holders of the bonds. Any holder of any bond may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon the district or any official thereof with respect to the construction of the works or project and the collection, deposit, application and disbursement of all revenues derived from the use and operation thereof and the deposit and disbursement of the proceeds received from the sale of such bonds. In addition thereto the holders of bonds may exercise or prosecute any other rights or remedies which they may have. Temporary or interim bonds, certificates or receipts of any denominations and with or without coupons attached thereto may be issued and delivered until definitive bonds are executed and available for delivery. Any expense incurred by the district for advertising, engraving, printing, clerical, legal or other services necessary to properly perform the services and duties relating to the sale and issuance of such bonds shall be paid from the proceeds of the sale of such bonds. Such bonds shall contain a recital on the face thereof that the payment or redemption of the bonds and the payment of interest thereon is secured by a first and direct charge and lien upon the revenues of any nature whatever received from the operation of the works for the construction of which the bonds are issued and that neither the payment of the principal, or any part thereof, nor any interest thereon constitutes a liability or obligation of the district except to the extent that such payment can be made from such revenues. The payment of both principal and interest of all such bonds shall be secured only by the rates, charges and revenues established or accrued for the use and operations of the works for the construction of which bonds are issued and shall be made from such revenues. Both redemption and interest payments shall constitute a first and direct charge and lien on all revenues received from the operation of such works, on all interest accrued from such revenues, and on all sinking funds created out of such revenues. The collection of revenue shall be continued until all bonds, with interest thereon, are fully redeemed and paid.

The board shall determine the form, conditions and denominations of all bonds and the dates which the bonds shall bear. It shall determine the interest rate on all bonds, which shall not exceed $5\frac{1}{2}$ percent per annum; provided, however, that bonds of the same issue may bear different rates of interest. Principal and interest on bonds shall be payable at such place or places as may be fixed and determined by the board and such bonds may contain provisions for registration thereof as

to principal only or as to both principal and interest. The bonds shall be issued in coupon form with interest payable at such times as may be determined by the board and shall mature at such times and in such amount as the board prescribes. The board may provide for the retirement of such bonds at any time or times prior to their maturity and in such manner and upon payment of such premiums as may be fixed and determined in the proceedings providing for the issuance thereof. Such bonds may be issued and sold from time to time and in such amounts as may be necessary in the judgment of the board to provide sufficient funds for the construction of the works and to pay all costs and expenses, including interest due and payable, prior to and during the period of actual construction thereof and for a period of one year after completion thereof, and the proceeds from the bonds are hereby made available for this purpose. Such bonds may be sold below the par or face value thereof, but the selling price shall not be less than that which will yield the purchaser not to exceed $5\frac{1}{2}$ percent per annum according to the standard tables of bond values, and the sale price shall include the interest which has accrued thereon up to the date of the delivery of the bonds. Successive issues of bonds shall have equal preference with respect to the redemption thereof and the payment of interest thereon, but the district may fix different maturity dates serially or otherwise for successive issues. All such bonds are hereby declared to be negotiable instruments. All bonds issued and sold shall be sold on sealed proposals to the highest and best bidder after such advertising for bids as the board deems proper, except that the board may reject all bids and thereafter sell the bonds at private sale under such terms and conditions as the board deems most advantageous, but not at a price below that of the best bid which was rejected.

The proceeds from the sale of such bonds shall be deposited by the district in a depository authorized by law to receive such deposits of the district, to the credit of the construction fund for the construction of such works, and the proceeds shall be paid out solely for the construction of the works, surveys and preparation of plans and specifications therefor, the payment of all other costs and expenses prior to and during construction, the acquisition of the necessary water, water rights, rights of way, easements, lands, electric power, power resources and facilities, other property of every kind and description and any appurtenances to any such property necessary for such works and project, the payment of interest becoming due and payable on bonds prior to and during the period of actual construction and for the period of one year after the completion of such construction, and all costs and expenses during

the period of one year after such completion as the need therefor shall arise. The district may agree with the purchasers of bonds upon any conditions or limitations restricting the disbursement of the proceeds that may be deemed advisable for the purpose of assuring the proper application thereof. From the money deposited in the construction fund, the board shall transfer to the place or places of payment named in the bonds the sums required to pay interest as it becomes due on all bonds sold and outstanding for the construction of the works during the period of actual construction and during the period of one year after completion thereof, and thereafter shall transfer from the revenue fund into which shall be paid all revenues accruing from the use and operation of said works to the place or places named in the bonds the sum required to pay interest on the bonds and redeem the principal thereof, as such interest payments and bond redemptions fall due for all bonds issued and sold. All funds transferred for the payment of principal and interest on such bonds shall be segregated and applied solely for the payment of principal and interest.

Any person or public or private corporation may, by contract with the district, underwrite or assume the payment in whole or in part of the cost of the construction of any such works, and in the event such contract shall be made, all payments received thereunder shall be deemed to be revenues of such works and shall be subject to the terms and provisions of this section respecting the revenues thereof.

Any surplus which exists in the construction fund shall be applied to the retirement of bonds issued for the construction of the works by purchase or call; provided, however, that in the event the bonds cannot be purchased at a price satisfactory to the board and are not by their terms callable prior to maturity, such surplus shall be paid into the fund applicable to the payment of principal and interest of the bonds and shall be used for that purpose; provided further, however, the proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying such surplus to the purchase and call of outstanding bonds. The terms upon which the bonds shall be purchased or called and the conditions provided for in the proceedings authorizing their issuance shall be followed and observed in the application and use of such surplus.

In like manner the board may issue any revenue bonds to refund and pay outstanding revenue bonds; provided, however, that such bonds shall not be for a higher rate of interest than the bonds proposed to be refunded, and the purchase price paid therefor shall not be less than the total amount of interest and principal accrued upon the bonds to be refunded, and the board may provide for the exchange of refunding bonds for

the original bonds; provided, the face value of the refunding bonds so exchanged shall not exceed the face value of the original bonds.

SEC. 34. Each bond, whether a general obligation or revenue bond, shall be signed by the president and secretary then in office at any time between the date of the bond and its delivery to a purchaser from the district, and the seal of the district shall be impressed thereon. The interest coupons shall be signed by the secretary, and the signature of the secretary may be made by facsimile.

SEC. 35. Any money in any sinking fund established for the payment of any bonded or other indebtedness and any money of the district not required for the immediate necessities of the district may be invested in bonds issued by the district, bonds issued by any school district, any part of which is in a county containing any part of the district, bonds issued by the State, bonds and certificates issued by the United States, and registered warrants issued by the State. The investment may be made by the purchase of the bonds, certificates or warrants at the original sale or by purchase after they have been issued and may, from time to time, be sold and the proceeds reinvested. Sales thereof shall be made in season so that the proceeds may be applied to the purposes for which the money with which the same were purchased was allocated.

SEC. 36. If the revenues of the district are, or in the judgment of the board will probably be, inadequate for any cause to pay the principal or interest on any bond, other than revenue bonds, or any payment or charge provided in any contract approved by the voters, as it becomes due, the board shall cause a tax to be levied as herein provided, sufficient to pay the amount of such principal, interest, payment, or charge as the same becomes due, which tax shall be known as Kings River Conservation District bond tax. Taxes for the payment of said Kings River Conservation District bond tax shall be levied on the land within the district or improvement district therein, as determined by the board in the resolution declaring the necessity to incur the debt, or on the land charged with the tax under the terms of any contract approved by the voters.

SEC. 37. If the revenues of the district are, or in the judgment of the board will probably be, inadequate for any cause to pay any other expenses and claims against the district, the board shall cause a tax to be levied as herein provided sufficient to pay such expenses and claims, which tax shall be known as Kings River Conservation District tax and shall be levied on all land in the district. The tax levied for such purposes during any year shall not exceed two and one-half mills (0.0025) on each one hundred cents of the assessed values of the lands within the district.

SEC. 38. The board shall determine the amount necessary to be raised by taxation for the payment of principal and interest on any bond and payments or charges under any contract approved by the voters, and shall fix the rate of tax to be levied and the land or lands chargeable therewith which will raise the amount of money required therefor, and shall likewise determine the amount necessary to be raised by taxation to pay other expenses and claims against the district and fix the rate to be levied on land within the district to raise an amount sufficient to pay such other expenses and claims.

SEC. 39. Within a reasonable time previous to the time when the boards of supervisors of the counties within which the district or any portion of the district lies, are required by law to fix the tax rate thereof, the board shall certify to each board of supervisors of each such county the rate or rates so fixed and the land or lands on which the same shall be levied, with direction that at the time and in the manner required by law for the levying of taxes for county purposes, each such board of supervisors shall levy and collect a tax in addition to such other tax as may be levied by such board at the rate or rates so fixed and determined and on the land or lands so certified; and it is made the duty of the officer or body having the authority to levy taxes within each such county to levy the tax so required. It shall be the duty of all county officers having the duty of collecting taxes to collect such tax in the time, form and manner as county taxes are collected, and when collected to pay the same to the district. Such taxes shall be a lien on said land or lands and of the same force and effect as other liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes.

SEC. 39.1. No tax or assessment shall be levied or assessed against any mineral interest which has a separate valuation on the assessment roll, but such tax shall be levied and assessed against the land exclusive of such mineral interest.

SEC. 40. It shall be the duty of the board to file, or cause to be filed, on or before the first of February, with each assessor whose roll is used for the levy of district taxes and with the State Board of Equalization, a statement of the creation of the district or the creation of an improvement district therein or the change of the boundaries of either thereof, setting forth the legal description of the boundaries of the district or improvement district so created, or as the same have been changed, together with a map or plat indicating such boundaries, and in all other respects to comply with the provisions of Sections 54900 to 54903, inclusive, of the Government Code.

SEC. 41. Any portion of a county or of any municipality, or both, consisting of lands susceptible to service of water or

power from the works of the district or which will be benefited by its inclusion within the district and which may consist of several parcels which need not be contiguous with each other or with the boundaries of the district, may be added to the district in the following manner.

A petition, which may consist of any number of separate instruments, shall be filed with the secretary, signed by voters residing within the boundaries of the area proposed to be annexed, equal in number to at least 10 per centum of the number of such voters voting for all candidates for the office of Governor of this State at the last general election prior to the filing of such petition. Such petition shall set forth and describe the boundaries of the area proposed to be annexed and shall contain a prayer that such area be annexed to the district. Within 10 days after the filing of the petition, the secretary shall examine the same and ascertain whether it is signed by the required number of voters, and he may employ persons especially for that purpose in addition to persons regularly employed in his office. When the secretary has completed his examination, he shall attach to the petition his certificate, properly dated, showing the result thereof; and if he shall find that said petition is signed by the requisite number of voters, or is not so signed, he shall certify that the same is sufficient or insufficient, as the case may be. If it be found to be insufficient, he shall also certify the number of voters required to make such petition sufficient, and it may be amended by filing a supplemental petition or petitions within 10 days of the date of such certificate. The secretary shall, within 10 days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result thereof, as hereinabove provided.

If a certificate shall show such petition or such petition as amended to be insufficient, it shall be filed by him with the board and kept as a public record, without prejudice however, to the filing of a new petition to the same effect. But if the petition, or petition as amended, is shown by said certificate to be sufficient, the secretary shall present the same to the board without delay. The sufficiency or insufficiency of such petition shall not be subject to review by the board. The secretary shall fix the time when he will present the same to the board and shall cause the text of such petition, together with a notice stating the time of the meeting at which he will present the same, to be published once a week for at least two weeks before the time at which he will present the same in one newspaper of general circulation, printed and published in each county within which any portion of the district lies. When contained in one or more instruments, one copy only of such petition need be published, and no more than five of the names attached thereto need appear in said publication, but the number of signers shall be stated.

The petition may be granted by ordinance of the board, and in granting such petition the board may fix in said ordinance the terms and conditions upon which such annexation may occur, and such terms and conditions may provide, among other things, for the levy by the district of special taxes upon the lands within such annexed area or areas in addition to the taxes elsewhere in this act authorized to be levied, and as a part of such conditions, said board may, in its discretion, provide that the lands, or any portion thereof so added shall be added to and form a part of any improvement district then existing within the district or shall constitute one or more additional improvement district or districts, and may provide for the incurring of a bonded indebtedness by such or any additional improvement district or districts as a condition for such annexation, and may provide for the submission of the proposition of incurring such bonded indebtedness at the election held with respect to such annexation, and may further provide, that, if such bonded indebtedness shall not be authorized, the proposition for annexation of the area contained in such improvement district or districts shall likewise fail. Such conditions may also provide for priority of right to water for the lands theretofore in the district or for the payment of special rates for water or power served the area proposed to be annexed or for such other conditions as to the board seem just. In the event the board should provide for the levy of special taxes, it shall specify the aggregate amount to be raised by such special taxes and the number of years within which the same shall be raised and that substantially equal annual levies will be made for the purpose of raising such sum over the period so prescribed.

If such petition is granted, the proposition of such annexation, subject to the terms and conditions so fixed, shall be submitted to the vote of the voters in the area proposed to be annexed at an election called by the board and held as herein provided within 70 days after the effective date of such ordinance. Notice of such election shall be given by publication in one newspaper of general circulation, printed and published in each county within which any portion of the area proposed to be annexed lies once a week for three successive weeks prior to the date fixed for such election. Such notice shall describe the boundaries of the area or areas proposed to be annexed and shall designate such territory by some appropriate name or other words of identification by which such territory may be referred to and indicated upon the ballot to be used at the election at which the question of such annexation is submitted, and shall also contain the substance of the terms and conditions fixed by the board as herein provided and may also, in the event the incurring of a bonded indebtedness is one of the conditions of the granting of such petition, submit the proposition of incurring such bonded

indebtedness to the voters within the area in which such bonded indebtedness is to be incurred as prescribed by the board. The proposition so submitted at such election shall be stated on the ballot substantially as follows: "Shall (giving name or other designation of the territory proposed to be annexed as stated in the notice of election) be annexed to Kings River Conservation District, subject to the terms and conditions fixed by the Board of Directors of said District?" At the right of such proposition shall be printed the words "Yes" and "No" with voting squares. In the event the question of incurring a bonded indebtedness is to be submitted, the same shall be submitted in like manner as herein provided for the submission of the incurring of a bonded indebtedness by the district or an improvement district therein. The board shall canvass the votes cast at such election, and if such proposition is approved by a majority of voters voting thereon at such election, the president and the secretary of the board shall certify that fact to the Secretary of State and to the county recorder of each county within which any portion of said district is located; provided, however, that if said area, or any portion thereof, proposed to be annexed is required to incur a bonded indebtedness, then, unless such bonded indebtedness be authorized by a two-thirds vote of the voters thereof, such area so failing to incur such bonded indebtedness shall be excluded from the certificate submitted to the Secretary of State and to the county recorder and shall not be certified as having been annexed to the district. Upon receipt of the certificate, the Secretary of State shall, within 10 days, issue his certificate reciting the passage of the ordinance and the addition of the area or areas to the district. A copy of said certificate shall be transmitted to and filed with the county clerk of each county in which any portion of the district is situated. From and after the date of such certificate the area or areas named therein shall be deemed added to and shall form a part of the district with all the rights, privileges and powers set forth in this act and necessarily incident thereto, and the taxable property therein shall be subject to taxation thereafter for the purposes of the district, including the payment of bonds and other obligations of such district at the time authorized or outstanding, except bonds for indebtedness previously incurred by an improvement district, unless such liability therefor is imposed by the board as a condition to such annexation. The board shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as hereinabove authorized.

SEC. 42. Any territory within the district and not substantially benefited by being within the district or to continued inclusion therein, may be excluded by order of the board upon the verified petition of the owner or owners in fee of lands whose assessed valuation is in excess of one-half of the assessed

valuation of all lands held in private ownership in such territory as shown by the last equalized assessment roll.

The petition shall describe the territory sought to be excluded and shall set forth that such territory is not substantially benefited by being in the district or its continued inclusion therein and shall pray that such territory be excluded and taken from said district. It shall be filed with the secretary and accompanied by a deposit with the secretary of the sum of five hundred dollars (\$500), to meet expenses of advertising and costs incident to the proceedings, any unconsumed balance to be returned to the petitioner or petitioners.

Upon the filing of the petition, the secretary shall transmit a copy thereof to the Department of Public Works, Division of Water Resources, which acting by and through the State Engineer shall make an investigation and determine whether the lands proposed to be excluded, or some portion thereof, will not be substantially benefited by their continued inclusion in the district. In making a determination upon any such petition for exclusion of lands the State Engineer shall exercise his own independent judgment as to whether the lands described in the petition for exclusion will be substantially benefited by remaining in the district, and the State Engineer shall not be bound by the findings of the Legislature in this act with respect thereto. Upon completing such investigation, the department shall file its report with the secretary, which shall describe specifically the lands, if any, which will not be so benefited. The cost and expense of such investigation and report shall be a charge against the district and against the deposit made by the petitioners.

Upon the filing of the report, the secretary shall fix a time when the petition and report will be presented to the board, which shall be not less than 25 days nor more than 50 days after the filing of the report, and shall cause a notice of the filing thereof to be published once a week for at least two weeks in one newspaper of general circulation printed and published in each county within which any portion of the district lies. Such notice shall also state the date of the filing of the petition and the date of the filing of the report and the time when he will present them to the board and that they will come on for hearing before the board at such time and shall state the place where the board will meet for the purpose of holding such hearing. Any landowner or taxpayer or other person interested within the district shall have the right to appear at said hearing either in behalf of or in opposition to the granting of said petition. If upon such hearing the board determines that the petition complies with the provisions of this section and determines either that it is for the best interests of the district that the lands mentioned in the petition, or some portion thereof, be excluded

from the district or if it determines that such lands, or some portion thereof, will not be substantially benefited by their continued inclusion in the district (and lands which the report of the Department of Public Works states will not be so benefited shall be included as such lands by the board in making its determination), the board shall make an order that such lands, or such portion thereof, be excluded from the district, such order to describe specifically the land so excluded. From the time of making such order, the lands so excluded shall be deemed no longer included in the district, but such order of exclusion shall not invalidate in any manner any taxes or assessments theretofore levied or assessed against the lands so excluded, nor shall it in any way limit the authority of the board to levy taxes for the payment of principal and interest under the terms of any contract approved by the voters or of bonds theretofore voted or issued by the district or any improvement district embracing such lands so excluded. The president and secretary of the board shall certify that such order has been adopted to the Secretary of State and to the county recorder of each county within which any portion of said district is located. Upon receipt of the certificate, the Secretary of State shall, within 10 days, issue his certificate reciting the adoption of such order and the exclusion of the area from the district. A copy of such certificate shall be transmitted to and filed with the county clerk of each county in which any portion of the district is situated.

Sec. 43. A finding by the secretary in favor of the genuineness and sufficiency of any petition for annexation or a finding by the board in favor of the sufficiency of any petition for exclusion of land from the district or in favor of the sufficiency of the notice of hearing of such petition shall be final and conclusive against all persons, except the State of California, upon suit by the Attorney General. Any such suit must be commenced within six months after the adoption of the ordinance or order adding land to or excluding land from the district, and not thereafter.

Sec. 44. No property of the district used for the purpose of the district and belonging to it shall be taxed or assessed for state, county, municipal or any district purposes.

Sec. 45. The establishment of the district or anything in this act contained shall not affect, restrict, nor supersede the existence, property, right or power of any municipality, public district or public agency now or hereafter established in or partially within the boundaries of the district. The Legislature, because of conditions special to the district hereby created, declares its intent to permit within its limits the existence of more than one district and/or municipality having similar powers over similar territory. It is not the purpose of this act to

allow the district to claim any underground waters lying within the boundaries of any incorporated municipality therein or to control the use thereof.

SEC. 46. The formation of the district or the enactment of this act or any provision hereof shall not impair the vested right of any person, association, corporation, municipality or public district in or to water or power or the use thereof.

SEC. 47. The district, in order to determine the legality of its existence in addition to any other remedy it may have for that purpose, may institute a suit therefor in the superior court of any county within which any portion of its territory is situated, by filing a complaint setting forth its name and exterior boundaries, the date of its organization and a prayer that it be adjudged a legal district formed under this act and shall be entitled "Kings River Conservation District, plaintiff, vs. All Persons, defendants." The summons in such proceedings shall be served by publishing a copy thereof once a week for four successive weeks in some newspaper of general circulation published in the county where such action is pending. Within 30 days after the last publication of said summons shall have been completed, any property owner or resident or elector in the district or any person interested may appear and answer said complaint, in which case said answer shall set forth the facts relied upon to show the invalidity of the district and shall be filed in such proceeding. Such proceeding is hereby declared to be a proceeding in rem, and the judgment rendered therein shall be conclusive against all persons whomsoever and against the State of California. Appeals may be taken from said judgment in the same manner as in other civil cases. The procedure provided in this section shall be cumulative and not exclusive.

SEC. 48. The district may at any time after the authorization or issuance of any bonds bring an action in the superior court of any county within which any portion of its territory is situated to determine the validity of any such bonds. Such action shall be in the nature of a proceeding in rem, and jurisdiction of all parties interested may be had by publication of summons for at least once a week for three successive weeks in some newspaper of general circulation published in the county where such action is pending, such newspaper to be designated by the court having jurisdiction of the proceedings. Jurisdiction shall be complete upon the expiration of 10 days after the full publication of such summons in the manner herein provided. Any person interested may at any time before the expiration of said 10 days appear and contest the validity of such bonds. The judgment rendered in such proceeding shall be conclusive against all persons whomsoever and against the State of California. Appeals may be taken from said judgment in the same manner as in other civil cases. The procedure provided in this section shall be cumulative and not exclusive.

SEC. 49. The district may submit any contract or proposed contract providing for the issuance of revenue bonds or for the levy of taxes upon any lands within the district or for the payment of funds accruing to the district from the operation of works of the district or under the terms of any contract to which the district is a party to the superior court of any county within which any portion of its territory is situated to determine the validity thereof, the authority of the district to make the contract and the authority for and validity of the bonds, the levy of taxes or the payment of such funds. The validation proceedings shall be had as in the ordinary case of the judicial determination of district bonds as provided in Section 48 and with like effect.

SEC. 50. In case any section or sections or part of any section of this act shall be found to be unconstitutional or invalid for any reason, the remainder of the act shall not thereby be invalidated, but shall remain in full force and effect.
